Mill Valley Police Break Up Gang Of Teen-Age Thieves

Twenty-one burglaries have been uncovered with the arrest yesterday of three Mill Valley boys, Police Chief Tan Terzich said today.

The three have admitted taking part in break-ins and entries which resulted in the theft of $533 in cash.

They are part of a ring of young thieves that includes four boys arrested Tuesday on burglary charges that involved jobs in Mill Valley, Belvedere, Sausalito, Larkspur, Corte Madera and Kent Woodlands.

Purpose, the boys said, was to get money but, Terzich said, vandalism was also committed in many instances.

The boys prvoed in at least one case that there is no honor among burglars. On June 10 a 16-year-old boy drove three other boys to Kent Woodlands where the three entered the home of Philip A. Crane Jr. at 105 Upland Road and took $60.

The money was split three ways in the house and when the boys got to the car they told the waiting 16-year-old that they had found nothing.

Again, two cases of whisky, admitted to have been stolen by a 17-year-old from the home of A. Johnston at 73 Cloud View Road, Sausalito on June 15. The boy told police he hid the cases in brush above the Mill Valley Municipal Golf Course. However, when police went with the boy yesterday to look for the liquor, it was gone.

Yesterday's arrests came after a hearing of three boys, arrested Tuesday, before Superior Court Judge Richard M. Sims Jr. when a 17-year-old boy told Terzich that he wanted to clear up some other burglaries. He admitted knowledge of 21, saying that entry was made through unlocked doors or by removal or breaking of windows. Revealing these burglaries led to the arrest of the three additional boys.

The juveniles admitted, Terzich said, that some burglaries were made to raise money to make a payment on one of the boy's cars.

Of the seven boys, six are now in juvenile home charged with burglary. John Allen Ruef, 18, of 34 Meadow Drive, Mill Valley, arrested Tuesday on the same charges, was released from county jail yesterday on his own recognizance. Ruef was involved in one burglary, police said.

Five of the seven boys have been in trouble before, Terzich said, and at the present time are either on probation or released on probation. One boy, a 17-year-old, made eight burglaries by himself. The juveniles consist of two 17-year-

TREE GIVES WAY TO HOUSE

Marin County's new civic center is indirectly responsible for the destruction today of one of the tallest eucalyptus trees in the county. Purchase of land in Santa Venetia for the civic center compelled Mr. and Mrs. Walter Lowe to move their three-bedroom frame house to a new location at 27 Roosevelt Avenue. The tree, more than 100 feet high, was felt to be a hazard to the home in its new location so Marin Tree Service was busy today in cutting down the tall veteran. (Independent-Journal photo)

Jobs In Marin Plants Double In Seven Years

The number of persons working in manufacturing plants in Marin has doubled in the last seven years, and the Marin Industrial Development Foundation is doing a fine job to improve the employment picture.

This statement was made yesterday by Stanley E. McCaffrey, San Francisco Bay Area Council president, who spoke at the seventh annual meeting of the Marin Industrial development Foundation.

"Marin County has a night time population of 150,000 and a daytime population of 20,000 less," McCaffrey pointed out. He complimented the foundation for encouraging suitable industries into the area.

During the business session, the foundation elected the following directors for three-year terms: Irving D. Chapman of San Rafael, Eugene E. Crawford of San Rafael, Daniel F. Deedy of San Rafael, Peter J. Ferrarese of Novato, Harry P. Graves of Corte Madera, Douglas R. Horton of San Rafael, Robert E. Rich of Sausalito, A. Von Rotz of San Anselmo, and Robert E. Williams of San Rafael.

Newly chosen executive committee members are Daniel C. Davis of San Rafael, president; Elias E. Day of San Rafael, first vice president; Rex T. Silvernale of San Rafael, second vice president; Ray Muir of Novato, secretary; and Eugene A. Ostaggi of San Anselmo, treasurer.

In other business, the foundation adopted a 1961-62 budget of $27,509. This is aproximately $7,000 more than this year's. The group plans to expand its services and add one member to its two member staff.

BELOVED PET ROAMS ARKS

It's "Here kitty, kitty" to residents of Larkspur's Boardwalk No. 1, if they see a black and white nocturnal prowler.

Almost anyone else would probably avoid the prowler, if they saw it, with a big "Phew!"

This sign posted at the mailboxes on the Boardwalk changed their attitude:

"Please notice: If anyone spots a skunk just wandering around this area, please tell Star Ark. She is deodorized loved pet—got out. Thanks, William Jahrmarkt."

Surprise JFK Conference

COMBINED AP & UPI

WASHINGTON — President John F. Kennedy today called a surprise conference of his top national security advisers and Congressional leaders on the Soviet threat to Berlin and other problems.

The president, making a swift comeback from the virus attack that put him in bed yesterday, arranged the 1 p.m. luncheon session on short notice. (See also story, page 7.)

At first, the White House did not give the purpose of the meeting. But Press Secretary Pierre Salinger said under questioning that Berlin would be one of the subjects discussed. He listed no other topics of conversation.

The meeting was called amid reports that Kennedy was under pressure from some top advisers to increase overall U.S. military strength to meet the intensified Soviet threat to Berlin.

West Marin Junior Fair Entries Climb

More than 150 youthful farm boys and girls have filed a record 303 entries for the twelfth annual West Marin Junior Livestock Show which opens tomorrow morning and will run through Sunday. Judging will start at 10 a.m.

Nicasio 4-H Club has the largest number of entries, 75, followed by 68 entries each for Point Reyes-Olema and Tomales 4-H Clubs. Tomales High School Future Farmers of America are in third place with 33 entries, all livestock.

Other West Marin 4-H Clubs which have show entries include San Geronimo, Tri-Valley, Novato Miwok, Novato Aggies, Novato Valley and Lagunitas.

State and county Dairy Assn. officers, with Marin County Farm Bureau executives and members, will be at the show ring near the old Red Barn to observe the livestock judging.

As this is National Dairy Month, two "dairy princesses" representing the American Dairy Assn. of California will be in attendance — Dawn Lo-

Grand Jury Upholds Secrecy Of Report

The Marin County Grand Jury found last night that the San Anselmo City Council was justified recently in keeping the report of an accounting survey secret from the public.

And Hans E. Fischel, the San Anselmo taxpayer who led the protest over the secrecy, said he will "gladly abide by the collective wisdom of the Grand Jury." o

But Fischel expressed anew his displeasure over the "condescending" attitude of the San Anselmo city fathers toward the public.

And he gave thanks to the Independent-Journal for publishing news accounts about the dispute.

Harry F. Heifetz of San Rafael, secretary of the jury, announced:

"The jury examined the report by the accounting firm and found that it touched and revolved around a personnel issue.

"We felt this left the matter up to the city council. We felt the council was justified in taking the attitude it did."

The jury secretary said the council was justified under the Brown Act which provides city matters dealing with personnel need not be made public.

FISCHEL STATEMENT

Heifetz answered the I-J's questions in the absence of William L. Hughes, the jury foreman, who was out of the county today.

Fischel also attended the hearing last night.

Fischel, who has a public accountant's office in San Rafael, told the I-J:

"Last night I had the privilege of appearing before the Grand Jury which had granted my request to determine whether the San Anselmo City Council could rightfully withhold the accounting survey made by a San Francisco accounting firm.

"After reading the report in closed session the Grand Jury decided that its contents were preponderantly of a personnel natural and that, therefore, the City Council was within its rights to keep the report secret."

Fischel's letter to this newspaper added:

PUBLIC CONTEMPT

"I have never doubted the city attorney's legal acumen nor the city council's good intentions. What I and many others resent is the condescending attitude of the attorney and the mayor's position that having been elected means automatic approval of his conduct.

"This reasoning does not even hold for the office of

Unions Reject Plan For Truce

NEW YORK (AP)—Two of six striking seamen's unions today turned down Labor Secretary Goldberg's proposed 60-day truce in the national maritime strike. The shipowners previously had accepted the proposal. (See also story, page 12.)

The rejection came from the Seafarers International Union and the Marin Engineers Union. They said acceptance of Goldberg's fact-finding truce would be "a surrender of our basic function and right as a free trade union."

"It would set a highly undesirable precedent which could severely restrict the ability of unions to negotiate their own contracts across the bargaining table," the two unions added in a telegram to Goldberg.

Marin Pastor Dies In Car-Truck Crash

Son Hurt Trying To Free Trapped Father

The Rev. Elmer F. Muhly, 47, pastor of the Lutheran Church of the Resurrection in Terra Linda for the past four years and circuit counselor for the North Bay Lutheran Circuit, died last night in a flaming eight-car accident in Colusa County.

Also injured were his wife Irene, 47, and two son, Douglas, 11, and Donald, 17. Donald suffered burns while trying to free his father from their burning car. Douglas was reported in critical condition at Colusa Memorial Hospital.

The family had just left on vacation after Muhly attended a California-Nevada district convention of the Lutheran Church—Missouri Synod, in Oakland.

It is believed that the Muhlys were on their way to baptism of a new grandson, child of their daughter, Mrs. Karen Winters, in the state of Washington, after which they were to attend a family reunion in Oregon.

Four trucks and four cars were involved in a spectacular chain series of accidents on U.S. 99W south of Williams. Eight persons suffered injuries.

BLINDED BY SMOKE

Investigation by the California Highway Patrol indicated that the crashes started when a lumber truck hit a power pole beside the highway, knocking down a 60,000-volt power line. Fire in brush beside the highway soon blinded drivers of oncoming cars.

The pile-up followed, including two gasoline tanker trucks of which one was destroyed by fire while its driver escaped with minor injuries.

The Muhly car was one of two struck by one of the tanker trucks and it burst into flames when hit. Patrolmen closed the highway for an hour.

On learning news of the tragedy Muhly's congregation assembled last evening at the Terra Linda church and conducted prayers for the family, devotion being conducted by the Rev. Fred C. Braunschweiger.

It was said today that no plans have yet been made for Rev. Muhly's pastoral duties but it is believed that an interim minister will serve for a time.

E. A. Bartz of 751 Del Ganado Road, president of the congregation, will attend to immediate affairs of the church. Rev. Muhly's body will be returned to San Rafael and services are pending at Keaton's Mortuary.

Rev. Muhly was born July 15, 1914, in Cornelius, Ore., and received ministerial training at Concordia College, Portland, Ore., California Concordia College in Oakland, and Concordia Theological Seminary in St. Louis, Mo.

He served parishes in Grand Coulee, Hartline, Aberdeen and Klickitat, Wash., and Caldwell, Idaho.

FIRST PASTOR

The Muhly family arrived in Terra Linda at the beginning of April, 1957, in order that Rev. Muhly might become first pastor of the new Lutheran Church then only in the planning stage. They made their home at 1012 Las Gallinas Avenue.

Rev. Muhly was formally installed as pastor of the Lutheran Church of the Resurrec-

Citizen Group Urges College Seek New Site

College of Marin should abandon its tightly encircled campus in Kentfield and build anew on 100 acres of open land, a citizens advisory committee reported last night.

Rufus Rhoades, chairman of the committee, made the recommendation in a report to the college trustees. He said the committee, after studying the problem of college expansion for four months, is emphatically against the idea of a second campus.

The committee had considered several alternatives: (1) Continue the present site and develop it for 4,000-student capacity, (2) improve present campus and purchase second site for a split-campus and (3) get an altogether new campus.

Rhoades reported that a subcommittee headed by William Franchini was against a split-campus operation because it would cause (1) multiplication of administrative functions, (2) incomplete service at both campuses, (3) no student body unity and (4) no single college identity.

Rhoades described Marin County as one of the wealthiest and said Marinites have the need and desire for a culturally fine college. He assured trustees the citizen's committee would support a bond issue in order to acquire a new campus site.

Rhoades described the 13-page report presented to trustees as an interim report. "Greater study is necessary to make a final conclusion. But at this time we believe the solution will inevitably require a new site," he said.

Board members were not sure which of three solutions submitted (without recommendation) by the architectural firm of Falk and Booth of San Francisco is best.

All board members voicing opinion, however, disapproved of one alternative calling for continued development of the existing campus to a 4,000 student capacity at an estimated cost of $2,783,000.

But the San Geronimo Valley Assn. apparently favored this plan. Winifred S. Frederick, vice president, in a letter told trustees the group favors further development of the existing campus because of its location and beauty. This letter was the only response to 100 letters sent out to various organizations by the board.

Rupert E. Kemp, the only board member to make known

$50,000 Blaze Guts Home In Sleepy Hollow

A $50,000 fire, accompanied by explosion, gutted the Sleepy Hollow home of Harold O. Parish this noon, sending debris spewing for more than two blocks.

No one was in the house at 100 Deer Hollow Road when the fire broke out, Chief Nello Marcucci reported. He estimated damage to the home and its furnishings at more than $50,000. An explosion, apparently of a fuel oil tank, rocked the burning home after firemen arrived, throwing debris two blocks.

Parish, president of Parish Brothers Inc., highway engineering company of Benicia, had been living there since 1942. His wife, Ivah, died on June 5 at a local hospital after a sudden illness.

Parish reportedly was on a fishing trip today. A son, Douglas, a college student, also was away from home. A daughter, Mrs. William (Barbara) Corrigan, lives in Mill Valley.

The home had been the

PETITIONS A-PLENTY!—Mrs. Hugh Rodman of Mill Valley, chairman of the administrator referendum movement and Morris Finisy, turned up before the county clerk's office two hours before yesterday's 5 p.m. deadline with approximately twice the 5,319 signatures required to overturn the supervisors' action a month ago in seeking to abolish Alan Bruce's job. But until the clerk's staff has verified the requisite number of signatures, the ordinance of abolition remains in effect. (Independent-Journal photo)

County Clerk's Office Checking On Petitions

County Clerk George S. Jones's staff was hard at work today—other duties permitting — on a check of validation of 419 petitions said to contain 10,884 signatures of Marin County voters opposed to the "firing of Administrator Alan Bruce.

Jones signed for only the number of petitions when they were delivered about 3 p.m. yesterday by Mrs. Hugh Rodman, chairman of the movement, and Morris N. Finisy, vice-chairman of the Marin Council for Civic Affairs which conducted the drive. Jones said today he hadn't counted the signatures.

But the council gave a 10,884 total, as against the requisite 5,319 representing 10 per cent of the votes cast in the last gubernatorial election, and said that of these 10,007 had been provided with precinct numbers.

"We assume they will be carefully checked by the clerk's staff," said Finisy. "So we did our best to provide a generous margin in case any technicalities came up."

Because the clerk allowed only two of the council's volunteers to use the county lists at any one time, some of the checking had to be done against lists less up to date, it was explained. Some signers used new addresses to which they had moved since voting.

But council officials were confident that considerably better than one out of every two would be found air-tight and that Clerk Jones would finally validate more than enough names to wipe out Ordinance No. 1126, abolishing the administrator's office. This also wipes out the supervisors' 30-day notice to Bruce, according to the county counsel.

"I've given orders for check work to go on every minute that can be spared from routine work," Jones said this morning.

"Our people will have to work some night and probably a weekend. The whole 10 days allowed by law will be required. We must check every signature."

A special meeting of the supervisors, to be attended by Bruce through invitation by Chairman William D. Fusselman, will convene at 9 a.m. July 3, the last day for such check under the law. Though the meeting is primarily to consider possible changes in personnel procedure, it seemed possible that Jones might report on the signatures.

"That's not certain," said Jones. "We might have to work clear through to midnight."

The supervisors could, if they wished, inquire as to whether 5,319 valid signatures had been found. But it is believed their wish to learn this is no more than tepid.

Mrs. Rodman and Finisy joined today in a statement of gratitude for volunteer work in the referendum campaign. They said the work of the participating organizations — the Leagues of Women Voters of Central and Southern Marin and the Marin Council for Civic Affairs — was essential "but it is to individuals of these organizations, particularly the women of the league, to whom most credit must go."

Thanks also went to organizations endorsing the office of administrator including the Farm Bureau, Labor Council, American Assn. of University Women of Mill Valley, Bolinas Community Inc., and several area improvement clubs, of whose members "close to 400 in 20 days, during school graduations and summer weather, circulated, checked and precincted the petitions."

"The ultimate compliment," concluded the statement, "must appropriately be extended to the people of Marin County whose signatures indicate a vital concern and awareness in their county government.

"The reasons for such concern are obvious, and we can only hope people will remain vigilantly interested in all phases of county government.

"The degree of awareness which was exhibited is due in large part, we believe, to the full reporting of the news of local government by the Independent-Journal."

WORLD NEWS IN BRIEF

Defense Budget

WASHINGTON (AP) — President Kennedy's beefed-up defense budget was approved almost to the letter today by the House Appropriations Committee as it painted a dismal picture of world conditions.

The committee sent to the House floor for debate a bill providing $42.7 billion in defense funds for the fiscal year starting July 1. The money will expand the Polaris submarine fleet, buy more big bombers and missiles, and finance larger armed forces.

Ikeda Visit Ends

WASHINGTON (AP) — Japanese Prime Minister Hayato Ikeda closed out his Washington visit today with a statement that his three days with President Kennedy and other U.S. leaders had demonstrated anew the solidarity of the free world.

He made that farewell comment at National Airport just before his takeoff.

Goldwater Welcome

MINNEAPOLIS, Minn. (UPI)—Young Republicans readied a hero's welcome today for Sen. Barry Goldwater, symbol to many of a "conservative surge" in the partisan organization.

Goldwater was to address the national Young Republicans convention tonight, just 24 hours before a wind-up banquet appearance of the party's titular leader, Richard M. Nixon.

Jaycee President

ATLANTA (UPI) — Bob Conger, young Jackson, Tenn., lumber company executive, was sworn in as president of the U.S. Junior Chamber of Commerce last night as the 200,000 member organization closed its convention here.

The jaycees spent the entire day in Atlanta's Municipal Auditorium picking officers to guide the organization until next year. The 1962 convention will be held in Las Vegas, Nev.

Laos Parley Drags

GENEVA, Switzerland (AP) — The East-West conference on Laos appeared destined today to dawdle along doing little until King Savang Vathana picks a new government for the strife-torn nation.

The prevailing view is that Prince Souvanna Phouma, self-styled neutralist backed by the Communists, is sure to be named premier. But unless the normal pace of developments in Laos is accelerated, that won't happen for weeks.

Roundup Remains

CHICAGO (UPI)—The Traffic Violations Bureau has announced 1½ years' work has produced an alphabetical list of 220,000 motorists who hold 700,000 unpaid parking tickets.

All that's left, the bureau said, is rounding up the violators.

Science Education

WASHINGTON (UPI) — The American Assn. for the Advancement of Science said yesterday science education should start in kindergarten.

In a report to the National Science Foundation, the group said an early start on the scientific method is one of several major improvements which should be made in science and mathematics instruction in all grades through junior high school.

Strike Deadlock

HONOLULU (AP) — Randolph Sevier, president of the Matson Navigation Co. says the federal government must enter the crippling maritime strike and insist on fact finding.

Sevier returned to Honolulu Wednesday night from New York, where he sat in on maritime negotiations. He called the negotiations "hopelessly deadlocked."

He described the strike as "a power play by union fellows on the East Coast to see who's going to be boss."

Tests For Sheppard

COLUMBUS, Ohio (UPI)—Dr. Samuel H. Sheppard, serving a life term for slaying his wife, was brought back to the Ohio penitentiary today for tests to determine if he has developed cancer as a result of an experiment three years ago.

Sheppard, an osteopath from the Cleveland suburb of Bay Village, was convicted of the murder of his pregnant wife, Marilyn, in a trial which attracted nationwide attention. His conviction came in 1956, two years after the slaying.

Dr. Stephen Sheppard, who has stood behind his younger brother since the bludgeon killing, disclosed in Cleveland his brother has a tumor.

Another brother, Dr. Richard Sheppard, said he did not believe the prisoner has cancer. He said Sheppard has an enlargement of the lymph nodes in the breast area which could have been caused by any number of things.

Chance For Rebels

PARIS (UPI) — The Algerian rebels will have one last chance to begin serious bargaining with the French before President Charles de Gaulle goes ahead with his plans to build an independent Algeria without them, informed French sources said today.

The sources said French officials plan to hold secret sessions with Moslem rebel representatives before reopening the suspended Algerian peace talks.

Atlas Test Fails

CAPE CANAVERAL (UPI) — An 82-foot Atlas was 95 seconds along the way toward setting a new distance mark last night when an "internal malfunction" ruptured its fuel tanks and sent flaming debris into the Atlantic ocean.

The explosion apparently doomed Air Force plans to have the giant rocket combat-ready this year.

The failure was the sixth in nine Cape test firings of the updated Atlas, whose 389,000-pound-thrust engines are the most powerful ever installed in a U.S. war rocket.

Pilot Retirement

WASHINGTON (UPI) — Federal Aviation Administrator Najeeb E. Halaby has notified airline pilots that he had decided to continue a rule requiring them to retire at age 60.

Former FAA chief Elwood R. Quesada stirred up protect in December, 1959, when he ordered pilots to give up their cockpit chores at 60. The Supreme Court upheld the rule Monday against a pilots' challenge.

Halaby promised yesterday to help over-age pilots find new jobs. He urged the pilots to work out fair retirement procedures with the airlines.

Dr. Finch Works At Prison Job, 'Just Another Inmate'

Dr. R. Bernard Finch, once-wealthy Los Angeles Physician now serving a life sentence in San Quentin for the murder of his wife, is working as an assistant to the prison's Protestant chaplain.

Finch, 43, has expressed an interest in attending the prison's school system but has not registered in any classes yet, Dale Frady, associate warden, reported. Finch mentioned he might be interested in studying Spanish.

Finch did not ask to work in the prison hospital. He accepted the suggestion of the prison's classification committee to work as a clerk for Rev. Byron E. Eshelman, Protestant chaplain at San Quentin.

"I understand he's happy with his job. He wants to be treated just like all other inmates," Frady said in pointing out Finch has not asked for any special privileges.

"When we receive no complaints we assume a man is getting along okay. He (Finch) is no different, no better, no worse than any of our other 5,000 men," Frady concluded.

Conversion Plant

OXNARD (UPI) — Ground was broken today for a pilot sea water conversion plant at Mandalay Beach, just north of here, by officials of Rocketdyne, a division of North American Aviation, Inc.

The plant, designed to convert sea water to fresh water through a new process of freezing, will be constructed on a site leased from the Southern California Edison Co.

The pilot plant, which will convert only 15,000 to 20,000 gallons of water a day, is scheduled to be in operation this fall. It will be used to test the method developed by North American engineers.

Shakespeare Festival Planned For Marin

Harry J. Mack, executive director of the American Cancer Society in Marin County, will head the 1961 fund-raising drive of the newly formed Marin Shakespeare Festival; John Brebner, group president, announced today.

The group hopes to set up in Marin County the first Stratford in Northern California to produce an annual season of Shakespearean theater as is being done in Ashland, Ore., and Stratford, Conn.

Their first production will be "A Midsummer Night's Dream," opening for a six-week run July 14 in the Marin Art and Garden amphitheater in Ross.

Mack reported more than 70 sponsors, headed by Mrs. Norman B. Livermore of Ross, have already raised 30 per cent of the group's 1961 budget of $5,000.

"We plan to set up a series of fellowship grants so talented students can take part full-time during the summer theater season," Mack said, pointing out one fellowship already has been established for this year.

"Fellowships will be announced as funds accrue," he said.

Sonoma GOP Hears Bagley Talk

Assemblyman William T. Bagley told a group of Sonoma and Marin County Republicans at a dinner meeting Wednesday in Santa Rosa that Republicans introduced but failed to pass many of the bills for which Gov. Edmund G. Brown is claiming credit.

The Sonoma-Marin assemblyman claimed the bills were defeated two years ago because of the Democrat-controlled legislature.

A delegation of 20 Marin County Republicans were among the 70 persons in attendance. The Marin County delegation was headed by Gerald E. Misner of Mill Valley, vice chairman, and Mrs. Henry P. Sherry of San Anselmo, women vice chairmen of the Republican central committee.

Russell, Mary Lou Deener, Ron Standring and William M. Phillips. Mrs. Kelly will direct a special children's choir. The school will present an evening concert on Thursday, July 6. Details on this concert will be announced later.

Sausalito City Employees Prepare Pay Raise Approval

The city of Sausalito Employees Assn., represented by their attorney Harry Wainwright, will make an appeal to the Sausalito city council finance committee Monday for a salary increase for city employees.

Wainwright, who lives in Sausalito, said today the Sausalito salaries are "the lowest in the county." He will ask that salaries be brought into line with other Marin cities.

He added that city manager Charles A. Brown is considering a raise for himself and "I think the other employees should get one too."

Brown said this is not true. "Absolutely not. I have no intention of bringing the subject up." He said that "I am studying recent raises in Larkspur, Corte Madera and Mill Valley and, if there is any indication that a raise is warranted, I will make a recommendation on it to the city council."

The city manager initially announced at the council's May 31 budget hearing that, "If there is sufficient evidence to indicate Sausalito salaries fall out of line in the next three months, I will make another study."

Wainwright compared the Sausalito police chief's salary of $540 with Mill Valley's chief at $643, Fairfax' $580 and San Anselmo's $745. He said the fire chief of Sausalito makes $589 against Mill Valley's chief who makes $700, San Anselmo's at $745 and Corte Madera, $637.

A regular fireman in Sausalito makes a top salary of $475, in Mill Valley $492, Fairfax, $490, San Anselmo $505 and San Rafael, over $500. A police officer in Sausalito makes $492 top, in San Anselmo $505, Novato $504 and Corte Madera $509.

The employees association was formed April 24, Wainwright said, to represent the employees in their request for a raise.

Mission Tour Group From Louisiana Visits San Rafael

Three bus loads of parishioners from Louisiana, on a three-week tour of Spanish missions, stopped in San Rafael yesterday afternoon to visit Saint Raphael's Church.

Rev. John B. Becnel, head of the tour and assistant pastor of Our Lady of Prompt Succor Church in Thibodaux, La., said the group of nearly 125 persons will visit missions in eight or nine states before returning home July 2.

"The missions we visit are the results of the great desire of the Spanish to spread the Catholic faith. They help us realize the many hardships these people underwent for the spread of the church," he said.

His group has made six of these tours to Canada annually. This is their first tour of California missions. "We hope to make this an annual trip, too," Rev. Becnel said.

A traveler's handbook passed out to members of the tour had this to say of Mission San Rafael Arcangel, founded Dec. 14, 1817:

"Shortly after its dedication, the mission had grown to a healthy community of more than 1,000 neophytes, with fine herds of livestock and respectable areas of land under cultivation.

"Although less pretentious than some, the mission proper consisted of a hospital, chapel, storeroom and monastery. A replica has been erected on the original building site."

Personal Income Up In California

SACRAMENTO — (AP) — Personal income in California rose almost twice as rapidly as the rest of the nation in setting a first quarter record this year, the State Finance Department says.

The total was $44,670,000,000 — up 400 million dollars from the final months of 1959. The 5.4 per cent increases from a year ago compared with 2.9 per cent for the county as a whole.

In the worker categories, total state and federal government payrolls showed the largest gains. In the proprietors' income bracket, the farmers had the biggest gain, up 8.7 per cent from 1960 at the same time.

College Chief Gets $1,500 Pay Increase

Stephen E. Epler, who takes over as superintendent and president of College of Marin next month, won a pay increase to $16,500 per year last night.

The college board of trustees granted him a $1,500 raise in pay. Epler, who has been serving as college director, takes over the position of superintendent and president on July 1, when the retirement of Ward Austin becomes effective.

Austin was paid $15,000 yearly.

The board also increased by $750 the salary of business manager Norman Bird in setting it at $11,250.

They also hired two new faculty members. One is a counselor, John F. Gillin, who gets $7,500 with a $375 raise for additional duties effective August 15. The other is an engineering instructor, Michael P. Hansen, at $5,400.

A school nurse was appointed to work on a half-time basis. She is Mrs. Norma M. O'Hair. She will be paid $2,700 and will work four hours per day. Mrs. O'Hair is a College of Marin graduate and has a bachelor of science degree in nursing from the University of California.

Rec Meeting Put Off

The Larkspur-Corte Madera joint recreation commission did not meet last night because of a lack of a quorum. The commission will meet next Thursday, June 29, instead.

Harbor Meeting Off

No meeting was held by the commissioners of the Bolinas Harbor District last night due to lack of a quorum, according to secretary Harriet Green. The next regular meeting will be July 27.

Beverly Hills Attorney May Be Demo Chairman

LOS ANGELES (AP)—Speculation in two Los Angeles newspapers has it that Eugene L. Wyman may be in line to become state chairman of the Democratic Party.

Wyman, 36, is a Harvard-educated Beverly Hills attorney described as a personal friend of President Kennedy, a fund-raiser for the party, husband of Los Angeles city councilwoman Rosalind Weiner Wyman and an associate in the "New Frontier" program.

Friday editions of the Times and the Examiner, quoting informed sources, say Wyman's political career could shape up as follows:

That he first would gain approval as Governor Brown's appointee to the Democratic State Central Committee at that group's quarterly executive committee meeting Saturday in San Diego. He would replace George E. O'Brien, who resigned.

Next step would be his election as Southern California chairman, replacing William A. Munnell of Montebello—should Munnell resign to accept appointment to the Superior Court bench.

Wyman then would be in line for state chairman under the traditional rotation of the post from North to South in alternate years.

Roger Kent of Kentfield is the present state chairman.

County Employee Contest Winners

Asst. County Auditor Michael Mitchell and Deputy Sheriff Harvey Teague have been declared joint winners of two free dinners apiece for suggestions concerning the booth to be conducted by the Marin County Employees Assn. at the Marin Art and Garden Fair opening next Friday.

Mitchell's contribution was a theme, "Service to the Public," while Teague suggested graphs and statistics to make clear the nature and extent of such service.

Plans are to give away litter bags and directories with information concerning the employees' work for the county.

I-J's Chapin Day Gets News Post

Hub Man Lands In Jail For Assault

A 26-year-old unemployed San Anselmo laborer was jailed last night on suspicion of assault with a deadly weapon after he allegedly kicked his common-law-wife in the head, police reported.

Donald Atwood Travis, of 228A Sir Francis Drake, was being held in lieu of $1,000 bail this morning, San Anselmo Police Chief Raymond Buchignani reported.

Travis was arrested when police responded to a disturbance report at his home. They found Violet Clark, 28, bleeding from two cuts on her forehead. She said Travis kicked her. She was treated at Marin General Hospital and returned home to her children, a boy, 10, and a girl, 12.

About two months ago Travis was arrested for kicking a San Anselmo police officer.

A $750 HEART-SHOCKER

A. Leonard Bjorklund, (left), new president of the Marin County Heart Assn., examines $750 cardiac defibrillator, which the association donated to Marin General Hospital. Explaining the value of the machine are Dr. Richard Hahn, who directs cardiac resuscitation courses at Marin General, and Dr. Paul Kingsley, retiring president of the heart association. Fibrillation (lack of coordination of heart muscle contraction) can be corrected by high voltage electric shock such as the defibrillator provides.

Novato Gives Up Hope For Co-Op Parking

Novato city officials have given up hope for merchant cooperation in a parking lot off Novato's main shopping street.

At a second meeting with property owners last night, the majority of them reported they believed the cost too high and were unconvinced of the immediate need of the lot, Charles A. Joseph, city public works director, said.

City officials had proposed that the city and nine property owners along Industrial Way between Second and Fourth Streets share the costs of street improvement and improvement of their open back lots for parking. Industrial Way now is a gravel alley parallel to Grant Avenue, the prime shopping street.

The city was to have paid $5,600; each property owner, $2,350 for the project.

With the rejection of this plan, the city now will attempt to get a cooperative agreement for improvement of Industrial Way only, Joseph said, at a total cost of $8,000 to be prorated among property owners according to footage on the alley. The properties contain commercial businesses fronting on Grant with open back lots on Industrial Way.

The city council also must consider whether or not to purchase the lot owned by Jack Caristi on Industrial Way, which could at a later time be used for parking. Caristi has set the price at $4,500, the same amount he said he paid for it.

Condition 'Poor' For Fire Victim

Mrs. Ruth G. Menefee, 62, rescued by firemen from her burning Tiburon home Sunday, was still in poor to critical condition today in Marin General Hospital.

"She is holding her own, which is doing well. But the crucial period that will really tell is yet to come," hospital spokesmen said.

Two Youths In Street Brawl To Be Charged

Dep. Dist. Atty. Charles L. Convis said today disturbing the peace charges will be filed against two San Rafael youths for a street brawl June 15 in which another boy was viciously beaten.

Convis said the two, Dale Alan Woodall, 18, of 344 Du Bois Street, and Louis Sam Savage, 18, of 20 Marin Street, will be arraigned in municipal court next week.

A third youth in the street fight involving about ten youths in the 200 block of Shaver Street, Thomas Vincent Wyatt, 19, of 523 Fifth Avenue, San Rafael, has been held to answer to superior court on a felony assault charge. Wyatt is still in county jail in lieu of $1,050 bail.

Wyatt was held to answer Tuesday by Municipal Judge Leonard A. Thomas. Woodall and Savage were not held to answer and their bail was exonerated and they were released.

Philip Edward Clar, of 314 Paloma Avenue, San Rafael, was taken to San Rafael General Hospital after the fight and released last Friday. He was found to have suffered a mild cerebral concussion.

Young Woodall's father, Earl Woodall, telephoned the Independent-Journal to complain against the I-J story about the free-for-all printed in last Friday's edition.

"Three fellows didn't beat up one fellow. It was seven fellows against three," he said.

The police report agrees it was seven against three—but states it was a case of three youths in one car pursuing and halting seven youths in a second car.

Clar and six others in one car tried to avoid any fight, the police report says. Clar was attacked while still sitting in his car. There is confusion as to just who hit him—the youths and witnesses to the brawl having told conflicting stories.

But one thing is definite: Clar was out cold on the sidewalk when police arrived.

Patrolmen Leon de Lisle and Leland Ahern, who responded to the fight, reported at least six victims identified Wyatt as responsible for the brawl.

The police also said Woodall is on probation from Lake County.

Man Arrested For Child Molesting

Leland Rose, 53, of 52 Millard Road, Larkspur, yesterday was arrested on a child molest charge, Larkspur Police Chief Howard Clark reported.

Rose, an apartment house owner, is charged with molesting a 6-year-old girl in his apartment house yard last Sunday, Clark said.

Neighbors complained to the police, who found everything in order at the time they arrived, according to Clark. Questioning of the girl later brought out enough evidence for a warrant, Clark said. The warrant was served yesterday. Rose is out on $1,575 bail from Marin County jail.

Algeria is a land of contrasts. North of the Atlas Mountains, the country's narrow coastal strip is blanketed with vineyards, orange groves, and vegetable gardens. But south of the mountains stretches the arid Sahara Desert.

Guitar Classes Final Sign Ups

A final registration for the folk guitar classes being held on Tuesday evenings at E Street School will be held Tuesday next week, Faye Logan of the San Rafael Recreation Department reported.

The classes started last Tuesday. There are two six-week sessions, one at 6:15 p.m., and the second at 7:15 p.m. Glen Carlson is the instructor.

Army Recruiter Tells Of Retirement Pay

U.S. Army recruiter in San Rafael, Sgt. Billy G. Moran, claims the man who enlists in the Army for a career stands to gain $63,000 in retirement pay.

"A master sergeant retiring after 20 years gets $175 per month. He will receive $63,000 in retirement pay if he lives 30 years after retiring," Sergeant Moran pointed out.

Moran said that a civilian would have to save $154 per month or $1,855.92 per year for a total of $37,118.40 in 20 years.

He made the statements as part of his campaign to get recruits for the Army.

Eichmann Tells Court Of Saving 20,000 Jews

JERUSALEM (AP) — Adolf Eichmann claimed today that he saved 20,000 Jews from extermination by diverting them to an already over-crowded ghetto in Lodz, Poland.

The former Gestapo officer charged by Israel with major responsibility for the Nazi extermination of 6,000,000 Jews also claimed that the diversion of the 20,000 to Lodz was the first and only time that he had the chance to make such a decision.

Otherwise, he asserted, his superiors were responsible for extermination orders and he only arranged for the transport of the Jews to the death camps.

"I had the choice personally to determine the fate of these 20,000 Jews," he told the three-judge Israeli court, "and I did not want them to be sent to the East where I knew extermination was going on but sent them to Lodz where I knew that no such thing was going on."

The former Gestapo lieutenant colonel, in his fourth day on the witness stand, testified:

1. SS Gen. Heinrich Mueller, his immediate superior in charge of Department IV of the security police, had "the direct contact" with the Einsatz commandos, the blitz battalions that murdered 2,000,000 Jews, partisans and Gypsies in the East.

2. Interior Minister Wilhelm Frick and SS Reichfuehrer Heinrich Himmler teamed to create the framework that led to the deliberate extermination of the Jews on an order from Adolf Hitler.

Eichmann certified documents introduced by his counsel, Dr. Robert Servatius, as showing that Gestapo Department II supplied the gas vans and trucks used by the Einsatz commandos.

"I gave no orders nor made any arrangements. My Department IV-B-4 had no connection with these affairs," Eichmann declared.

The trial recessed for the week-end, after today's testimony.

HOW COME A CAR THAT RIDES LIKE THIS ONE DOESN'T COST MORE?

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying . . . and that car is the Jet-smooth Chevrolet.

MARIN FILM FARE

Pleasurable Movie For Hub's Screen

By LES DARD

The weekend films:

TAMALPAIS THEATER

"The Pleasure of His Company" (Technicolor), which comes to the Hub screen Sunday, is an exuberant and stylish comedy set in San Francisco.

Fred Astaire stars as an aging playboy who returns home from another of his world tours just in time for the wedding of his daughter (Debbie Reynolds), whom he hasn't seen since she was a little girl.

He decides that the man she loves (Tab Hunter) is not for her and sets out to lure her away from the lad and her family (Lilli Palmer and stepfather Gary Merrill) as well.

Astaire radiates gracious humor as he dazzles Debbie with continental glamor, the lure of exotic lands and a yacht voyage. Miss Palmer finds a comic side to her woes. Hunter and Merrill find their own comedy as males baffled by the crafty Astaire.

And, Charlie Ruggles is back for the first time in years, as the grandfather who laughs at everyone.

Estimate: Light as a balloon, but fun.

RAFAEL THEATER

"Cry for Happy" (CinemaScope, color), which opens Sunday, is a romantic comedy starring Glenn Ford and Donald O'Connor.

These two are part of a team of Navy combat photographers who get involved with native customs—and girls—in Japan.

The girls, direct from "Sayonara," are Miiko Taka and Miyoshi Umeki. They play very nice geisha girls who are more than a match for the wisecracking O'Connor.

Essentially, Ford is still playing Ford the way his fans like him: The nice, sweet guy trying to bring order out of the chaos around him. And O'Connor plays the role he knows best: The cheerful comic whose presence in any situation leads to chaos.

Naturally, everything ends very happily.

NOVATO THEATER

Ferdinand Demara Jr. achieved a good deal of notoriety here in the United States for not being himself. It's his story which is told in a somewhat roguish comedy titled "The Great Impostor," starring Tony Curtis. It opens Sunday.

Demara, in case you missed the best-seller, was an Army private who went AWOL. He faked academic papers and joined the Marines—as an officer.

When the FBI got on his trail, he entered a monastery. But the monks finally sent him back to the cruel, cruel world and he did a military prison stretch. He learned enough to latch on to a key job in Texas jail when he got out.

But Demara had to keep running, and his next stop was the Canadian navy, where he performed spectacular work as a battle surgeon.

MOTOR MOVIES

The best thing about the film version of Cole Porter's "Can Can" can be summed up very briefly: Shirley MacLaine.

Maurice Chevalier, Frank Sinatra and Louis Jourdan are around, but the vivacious Miss MacLaine is the one to watch in this Technicolor musical, which opens Sunday.

The plot is not intended to be memorable; rather it serves as an excuse for connecting brilliant flashes of dance.

FAIRFAX THEATER

"Ben Hur" (wide screen, color), last year's Oscar winner, is in its second week.

This super-spectacle offers a good deal of excitement.

The familiar tale by Gen. Lew Wallace, written in 1880, tells of two boyhood friends: Judah Ben-Hur (Charlton Heston), a Jewish leader, and the Roman Messala (Stephen Boyd), now a Roman military commander.

When Ben-Hur refuses to betray his people, the Hur family is imprisoned. Judah himself is shipped off to be a galley slave.

He wins the respect of the ship's captain, who formally adopts him and sets him free in Rome. His mother and sister, he is told, have died in prison. He achieves his revenge on Massala in the famed chariot race. But revenge fails to satisfy him and at the crucifixion of Christ, he is finally converted to Christianity and finds the peace he seeks.

SEQUOIA THEATER

"Pepe" (CinemaScope, Technicolor) is an amiable potpourri built around the antics of Cantinflas. (He was David Niven's manservant in "Around the World in 80 Days". It opens Sunday.

Famous faces—Debbie Reynolds, Durante, Crosby, Chevalier, for example — crowd the screen in brief cameos. Chevalier, typically, does his famous "Mimi."

The story deals with Cantinflas, his beloved horse and their involvement with Dan Dailey, a down and out Hollywood director, and Shirley Jones, a penniless actress.

Cantinflas, as Pepe, gets the horse.

The camera also makes some pleasant stops in Mexico, Nevada and Lotusland.

LARK THEATER

"The Immoral Mr. Teas" is a long joke about nudity, a tongue-in-cheekish story about a pleasant eccentric and the shapely (but undressed) damsels he studies.

Bill Teas portrays a man whose job it is to deliver false teeth. His real joy in life, however stems from ardent study of the decollete he spies.

Then one day, one of his own teeth is pulled and the anesthetic has ac urious effect: He thetic has a cuirous effect: He male he meets. Quite realistic in this film.

Obviously, not for children.

TIBURON PLAYHOUSE

"The Sundowners," a thoroughly enjoyable comedy was an Oscar nominee (best film).

The stars are Bob Mitchum, Deborah Kerr and Peter Ustinov. The story is about Australia's sheep drovers in the 1920s.

Mitchum is a "sundowner"—a man who likes beer and the wide open spaces. Miss Kerr, as his wife, keeps urging him to save a stake, settle down and do something about his son's education.

Ustinov is another roamer—always dodging the ladies who'd like to snare him.

The ending's a delightful switch.

Incidentally, this theater will be open every night starting Thursday, June 29.

WHEN IN JAPAN—Miiko Taka introduces Glenn Ford to Japanese-style bathing in the Columbia production of the comedy, "Cry for Happy," opening at the Rafael Theater Sunday.

Bipartisan Education Bill Approved By Senate Group

WASHINGTON (UPI)—A senate subcommittee approved a bipartisan education bill yesterday that would grant parochial and other private schools 375 million dollars in government construction loans over a three-year period.

The program was written into a bill to extend the 1958 National Defense Education Act. The 40-year loans would be used for construction of buildings or facilities to improve instruction in science, mathematics, foreign languages and physical fitness.

A House education subcommittee has approved a somewhat similar provision without the three-year, 375-million-dollar ceiling.

The Senate subcommittee vote came as the full House education committee voted to provide new benefits for private and parochial school teachers who help finance their college education with federal loans.

The House committee is working on extension of the Defense Education Act. This law is designed to aid schools crowded by children whose parents work in nearby military or other federal establishments.

It began a speedup to clear the bill after the House Rules committee decided to hold up the Senate-passed public school aid bill until legislation providing aid for parochial schools was ready for House floor action.

The teacher benefits would be provided by extending partial forgiveness for loans to college students who become teachers in any school. At present, 50 per cent of such loans is cancelled for students who become public school teachers.

The parochial school construction program approved by the Senate subcommittee was sponsored by Chairman Wayne Morse (D-Ore.) and Sens. Joseph S. Clark (D-Pa.) and Jacob K. Javits (R-N.Y.). Sen Clifford P. Chase (R-N.J.) joined in sponsoring an earlier draft but was not present today.

Under present law, parochial and private schools are eligible for loans only for the purchase of equipment to help in teaching science, mathematics and foreign languages.

The new provision would make 125 million dollars available annually for three years for school construction as well. It also would add physical fitness as one of the subjects to be added, as requested by the Kennedy Administration.

The legislation also provides that loans could not be made to parochial schools for facilities that would be used for strictly religious purposes.

Sausalito Library Schedule Changes

Library hours at the Sausalito Public Library will be shortened starting July 1 in an effort to do more administrative work, librarian Mrs. Josephine Ripley said today.

The change, approved yesterday by the board of trustees, will mean the library will be open 53 hours per week rather than 66. It is on a trial basis. Hours will be Monday through Friday from 11 a.m. to 8 p.m. and Saturday from noon to 8 p.m. Former hours were from 10 a.m. to 9 p.m. daily.

Mrs. Ripley said "we hope to accomplish more administrative work, prepare the book collection for eventual inventory. This will include 'weeding' and scrutinizing the collection for needed reference materials and pertinent subject fields," she said.

New High School Grads Start College Work At C. Of M.

Fifty-nine of 286 students taking college credit courses at College of Marin summer school are 1961 high school graduates Paul Clymer, summer program director, pointed out in a written report to trustees last night.

Seventy-nine are from other colleges and 128 regularly attend College of Marin. Clymer listed the remaining 20 under a miscellaneous category.

The summer school started Monday. It continues until July 30.

Two Join Navy

Charles Ernest Finney, 18, of 97 Florence Avenue, San Anselmo and Paul William Heard Jr., 18, of 25 Main Drive, San Rafael, have enlisted in the Navy at the Marin County Navy Recruiting Station in San Rafael. They have been sent to the Naval Training Center in San Diego for recruit training.

DINING OUT AND INNS

By HARRY CRAFT

Sad Day For Public At Sabella's— But They Should Like Results

Monday will be a big day for Sabella's in Marin.

But as far as the public is concerned it is to be a day of closing and no service. All activity will be concentrated on moving everything that isn't being replaced with new equipment to the one-million-dollar dinery now on the verge of completion a few hundred yards closer to the Richardson Bridge.

Then on Tuesday the new spot will throw open its doors for allcomers to enter and order the same choice seafood selections featured under the sign of the top-hatted fish for the past 10 years.

The menu will be the same—and so will the prices, but you will find the surroundings vastly improved—more convenient, larger, more attractive.

Of course there'll be a grand opening celebration, but a few days later.

THE KINGSTON TRIO has purchased a liquor license for the Yacht Dock from the Western Bar in Point Reyes, I'm told by Harry Abras who handled the deal. The license should be activated about the middle of July when the premises will be separated from the Ondine operation entirely and turned over to the new owners.

It will be closed briefly for remodeling then, and reopen as the Trident—probably on or before the first of August.

New management will be in the hands of Lou Ganapola, former manager of the Village Vanguard, a well publicized New York City night club.

BEFORE GOING any further, I should give you something better than a two-bit tip on the food at Nero's Room in the Nave Bowl these days.

Having recently sampled the fare of chef Louis Paini who's been keeping modestly secluded behind the doors leading to Nave's kitchen for a number of weeks, it's time his credentials were brought out and served up with the entree.

Lou, a San Rafael resident off and on for many years, has already spread his reputation around in Southern California and in San Francisco where he officiated at Doro, Gino's and the Domino Club. It's a stroke of luck he's decided to show off some of his talents on his old home ground.

The menu at Nero's has about 17 dinner entrees to choose from — fewer, perhaps, than some establishments its size but certainly more than adequate for most appetites. The proof is in the cooking—not in the numbers.

Heartily recommended. You will enjoy a visit there, I'm sure.

WITH PLENTY of birthdays already to its credit, the Blue Rock Inn, Larkspur, is celebrating its first anniversary under its present owners—Bob Hosmer and Bob Antonioli.

Says Hosmer: "We're tickled pink with our Blue Rock showing during the past year and feel complimented that the county has continued to look upon it as a favorite restaurant. We don't make much noise about it, but we think it's pretty good, too."

No argument there.

THE DATE isn't set at this writing, but you can count on an opening of Horace Fong's de luxe Chinese dinery—Confucius in Marin—in the Bon Air Shopping Center, Greenbrae, probably in fewer days than you have fingers.

Everything's waiting on a few last minute details.

MORE THINGS now at Dominic's—menu selections, tables, customers and yachtsmen who cruise all the way from San Francisco, Oakland and even Sacramento to tie up to its waterside entrance.

Recently added to the bill of fare are such delectables as medaillon of filet, escalope of veal, boneless squab, kidney sautee, sweetbreads, chicken livers, lobster, fritatta and several desserts.

Seating capacity on the galleria overlooking the canal has been increased and still more tables are to be added.

The banquet room has been acoustically tiled and your own words no longer bounce back at you from the ceiling.

It takes time for a new restaurant to iron out opening problems, but manager Jim Pius says he has them licked. From now on it should be smooth sailing.

THERE'S NOTHING TO IT: Paul McArdle of Buon Gusto Villa did have another operation, but it turned out to be minor and his recovery was major. He shot a 79 at the Meadow Club a few days after it was all over.

Maybe his doctor can do something for me—the trouble usually starts about the time I get to the sixth hole. My Blue Cross policy covers it, I think—arthroplasty at the shoulder, elbow, hip or knee.

Reds Get Reprieve From Registration

WASHINGTON (UPI) — Supreme Court Justice Felix Frankfurter today gave the Communist Party a reprieve until at least next fall from the recent decision requiring registration of its membership with the government.

Frankfurter did so by granting the party's petition for reconsideration of the court's June 9 ruling which he himself had written. The full court—which must decide whether to hear further arguments—does not begin its next term until Oct. 9.

The Justice Department had hoped to require registration Aug. 9. Atty. Gen. Robert F. Kennedy has said the department was geared to prosecute immediately for non-registration.

Frankfurter was the author of the court's opinion in the registration case, which sustained a section of the Internal Security Act of 1950.

The vote in the June 5 decision was 5 to 4.

Frankfurter's opinion held only that the party must register with the attorney general as a Soviet-controlled conspiracy; that it must supply the names of its officers and members; and give an accounting of its funds.

However, the decision did not go into the possible self incrimination issue likely to be raised by party officers who sign the registration statement.

In seeking a rehearing, party lawyers said the officers do not intend to register under the act. The petition said the officers want to avail themselves of the privilege against self incrimination.

They claim that by registering they would incriminate themselves under the Smith Anti-Communist Act which punishes active, purposeful membership in the Communist Party.

In the June 5 ruling, Frankfurter said that it is "premature" to decide whether the Fifth Amendment privilege against self incrimination protects registrants. The court "can not know now that the party's officers will ever claim the privilege," he said and added that it is also not known whether the claim, would be honored by the attorney general.

The rehearing petition said a decision on the privilege question can be premature only if those concerned are assured a later opportunity to claim the privilege.

Castro Fails On Tractors Deadline Offers To Send Second Delegation

HAVANA (UPI)—Premier Fidel Castro refused today to meet a U.S. committee's deadline for accepting the tractors-for-prisoners deal but offered to send a prisoners' delegation back to the United States for further negotiations.

Castro called the proposal to give him 500 small farm tractors for 1,197 invasion prisoners a "ridiculous offer."

The bearded Cuban leader in a message to the committee's Detroit headquarters said his government was demanding one of three things:

1. Five hundred giant bulldozers and tractors with spare parts and extras.

2. A number of small farm tractors total value of which would equal the proposed 500 king-size bull-dozers.

3. An exchange of an equal number of "political" prisoners held by the U.S., Spain, Puerto Rico, Guatemala and Nicaragua for the invaders his government holds.

Among the prisoners whom Castro wants released are former top Communist leader Henry Winston and aging Puerto Rican nationalist leader Pedro Albizu Campos. Both were convicted of working for the overthrow of the U.S. government.

Castro told the "Tractors for Freedom" Committee that its refusal to give him anything more than 500 small farm tractors "has no other purpose except to break off negotiations and to blame the Cuban government for it."

Among the committee's leaders are Mrs. Eleanor Roosevelt, Dr. Milton Eisenhower and labor leader Walter Reuther.

"The responsibility is exclusively yours," he said, but added: "The revolutionary government authorizes a delegation of prisoners to go to the United States again and explain the facts to the American people."

He said the "committee lies in asserting that Cuba has changed its original proposal. That is a scheme on your part to confuse U.S. public opinion and the relatives (in the U.S.) of the prisoners."

In his cable Castro added that his government "specified from the very first the quantity and type of equipment it was demanding as indemnification for the material damage caused by the imperialist invasion.

"In addition," he continued, "the Cuban government has declared repeatedly that Cuba is willing to forego all material indemnification if the committee makes overtures and obtains freedom for an equal number of American, Spanish, Puerto Rican, Nicaraguan, and Guatemalan prisoners imprisoned for fighting against fascism, racism, despotism, colonialism and imperialism."

No Adlai Plot

WASHINGTON (AP) — Officials in Washington and Argentina say there is no evidence to link the shooting of a U.S. Marine Guard in Buenos Aires with any plot to assasisinate Adlai E. Stevenson.

And Stevenson, who returned yesterday from his tour of South America for President Kennedy, said he hadn't heard of any attempt to kill him. Stevenson is the U.S. ambassador to the United Nations.

Kennedy Better After Most Recent Sickness

WASHINGTON (UPI) — President John F. Kennedy was pronounced "practically recovered," today from a slight strep throat and virus infection which kept him in bed for more than 24 hours.

An early morning check by three doctors found Kennedy's temperature normal and his general condition improving.

The president ate a normal breakfast, dressed and conferred in his second floor study with Japanese Prime Minister Hayato Ikeda who paid a farewell call.

Kennedy also had discarded the crutches he has used in recent weeks for his sore back.

He was smiling and in visible good spirits as he met with Ikeda.

He joshed with photographers and newsmen during his meeting with the premier.

Kennedy planned to stay out of bed the rest of the day, but away from his office. He planned to hold several engagements in the family quarters of the White House.

Although he still was a bit weak from yesterday morning's fever, the president, according to Press Secretary Pierre Salinger, was "feeling fine."

Kennedy planned to go to his family estate at Glen Ora outside Middleburg, Va., tomorrow morning for the weekend, returning to Washington sometime Monday.

Meantime, laboratory reports from blood samples and throat cultures showed that the president had suffered from a touch of strep throat as well as a virus. The throat condition responded rapidly to penicillin.

Indicating his rapid improvement, Kennedy walked out to the north portico of the White House to say goodbye to the Japanese prime minister.

The White House physician, Dr. Janet Travell, checked the chief executive last night at 10 o'clock and again at midnight and found that his temperature remained normal.

When he awoke this morning, he was examined and found on the mend.

Students' Mother Asks Attendance Record Access

Mrs. Vera B. Woodworth of Mill Valley said today she will request the trustees of the Mill Valley School District Monday to make attendance and tardy records available to parents in the classroom and as a part of report card information.

She will also protest, she said, the practice of excluding children from the classroom.

Mrs. Woodworth, who lives at 62 Hawthorne Avenue, said that her children have been put out of the classroom at Homestead School with the explanation that they are "not punished for type of work but only for not finishing."

She said this is against the state education code which reads that no child should be separated from the other students without supervision.

She said last year one of her children was placed in the hall to finish his work. This year another child was placed in the principal's office to finish arithmetic problems. During that time, Mrs. Woodworth said, the child missed instruction on some other work.

"We have visited the school once or twice a week this year," she said, "and find that this practice is true."

Dist. Supt. G. Robert McConnell said today that neither attendance nor tardiness is recorded on report cards, unless there is a great amount of tardiness. Parents are contacted by telephone or in conference with regard to these matters, he said.

Asked about excludlng children from the classroom, McConnell said, "I'm not in a position to comment until the board has met officially." He said the trustees have received copies of a letter from Mrs. Woodworth regarding the matter.

Mrs. Woodworth said that both she and her husband, Charles, will be at the meeting Monday, at which time her letter, on the board's agenda, is expected to be read.

She said she will present a petition, with a list of signatures, asking that attendance and tardy records be placed on the report card and be made available to parents in the classroom.

Mrs. Woodworth protested before the Marin County Board of Education June 5 that she had been prevented from speaking at the Mill Valley board meeting May 8.

The county board said at that time it could take no action and suggested Mrs. Woodworth go through regular procedures to be put on the Mill Valley agenda.

At the county meeting a letter was read from Mill Valley board chairman Robert H. Andresen in which he denied that the board had refused to hear Mrs. Woodworth. He said Mrs. Woodworth indicated she wanted to speak but wouldn't say what about. She insisted, he said, she had a right to talk then. "Upon being ruled out of order, she abruptly left the meeting."

Mrs. Woodworth said, in her letter, she has written to the State Board of Education saying she could not get information locally and would like her child's record of attendance at Homestead for the past year.

She said she was informed that the attendance was recorded in the state school register and in the Mill Valley District office. "We have still never seen a daily attendance record in the classrorom or even in the school, nor have we ever been notified if and when our children are late to school."

COLLEGE

his position, favored another proposal whereby the existing campus would be developed to a 2,000 student capacity and further plans made for a second campus to take care of the next 20 year's growth. Cost of this was estimated at $3,883,000.

Wesley Hull, Falk and Booth planning consultant, estimated cost of the third suggestion calling for an all new campus at $3,031,619. The total cost estimate was $6,750,000 but $3,031,619 was deducted as the approximate sale return of the existing campus and its facilities.

Board president Mrs. Elizabeth M. Deedy observed that the college could not buy a future college site at present ". . . even if we were sold on the idea and had the site selected. I think the citizens committee thinks we are in a better financial position than we are," she said, pointing out either a bond issue or an override tax would be necessary to raise site purchase funds.

Rhoades called upon board members as individuals to meet with the citizens committee before making any decision.

"We have no axes to grind. Our judgment is not definite. The potential of this college is not proved," he said in inviting them to attend a meeting where citizens committee members would further explain why they reached their present opinions. It was agreed to have such a meeting within a few weeks.

The board then asked the architectural firm to prepare a sketch showing development of the existing campus to a 2,500 student capacity. A 2,500 enrollment is expected by fall of 1971 and more than 5,000 by 1980. The sketch is to be made to better enable the board to select a plan for growth. Architects Falk and Booth were employed late last year to prepare a college master plan.

A second citizens advisory committee for the 1961-62 year will be appointed at the July 14 board meeting.

Trustees postponed discussion of the 1961-62 budget to an adjourned meeting at 8:30 p.m. June 29 at the college.

Vandals Clip Hair From Two Horses

Vandals clipped the flowing tail and mane off two horses in Mill Valley yesterday, the owners reported to sheriff's deputies this morning.

Edward C. Jackson of 51 Edgewood Avenue, owner of one of the sorrel horses, offered a $25 reward today for information leading to the arrest and conviction of the uninvited barber or barbers who left his horse with a neatly clipped tail.

Jackson said that another horse owned by Orville Peterson of 14 Matilda Avenue also suffered a haircut. The mane was clipped off.

LEGION POSTS ASKS CONVENTION TO DROP 'COMRADE' FROM RITUAL

PLACERVILLE (AP)—The American Legion post here wants to drop the word comrade from the Legion ritual.

Commander Harold Krabbenhoft of El Dorado Post 119 said today a petition, now almost fully signed, will be presented to the Legion convention in Long Beach next week, asking by resolution that the word be abandoned.

He said that in 1918 the Legion form of address was adopted, comrade was in good repute, but that since its "general use by the Communist Party its usage has become repugnant and a distortion of the connotation of the word."

More Schools Needed For San Geronimo

A master plan calling for a half dozen more schools in San Geronimo Valley was outlined before Lagunitas School District trustees last night.

The plan was explained by Marin County planning staff members, Miss A'leen Runkle and David Van Pelt. It proposed four to five more kindergarten through sixth grade school sites and a possible need for one seventh and eighth grade school.

District Supt. Clifford L. Frye pointed out the need for this many schools ". . . is not expected until the valley is saturated with people."

The board set a special meeting for action on the coming year's budget to be held June 29 at 8 p.m. in the school.

The board also accepted three gifts in behalf of the district. The Parent-Teacher Assn. gave the district $100 in new library books and two new record players. Mrs. Maud Gardner of Woodacre donated $50 for purchase of science equipment for the primary grades. The eighth graders recently graduated contributed a microphone for the public address system as their class gift.

Recreation Bill For Water Plan Signed By Brown

SACRAMENTO (AP) — The state must provide public recreational facilities in connection with its 1.75-billion-dollar water plan under a bill signed by Gov. Edmund G. Brown yesterday.

Under the measure by Assemblywoman Pauline Davis (D-Portola):

The Water Resources Department is charged with providing in its project plans for the preservation and enhancement of fish and wildlife and the development of recreational facilities.

The Fish and Game Department must manage the fish and wildlife portion of the program, charging preservation costs to water users and enhancement costs to the state's general fund.

The Department of Natural Resources will manage boat launching ramps, picnic and camping grounds and sanitary facilities.

The high for the Bay Area today was expected to range from 60 in San Francisco to 74 in San Rafael. The low tonight was expected to be from 50 to 56.

Slightly warmer weather was predicted for tomorrow, the bureau said. The five-day forecast issued today called for above normal temperatures inland and near normal along the coast.

Adlai Reports To Kennedy On Latin Tour

WASHINGTON (AP) — U. N. Ambassador Adlai Stevenson reported to President John F. Kennedy today that he found increasing discontent and a worsening economic situation during his 18-day tour of South America.

Stevenson told newsmen after reporting to the President on his journey to 10 South American capitals that the situation in that part of the hemisphere has deteriorated since he traveled through the same area a year ago.

But, Stevenson added, "There is more universal awareness of the necessity for making social reforms in all of these countries."

Stevenson said the U. S. role in the Cuban invasion was unpopular in South America, where "the principle of nonintervention is a religion."

Stevenson, on the other hand, said the alliance for progress program enunciated by Kennedy to raise economic and social standards throughout the southern half of the hemisphere is generally regarded as "the dawn of a new day in our relations."

Husband Seeks $200,000 For Wife's Death

Former Tamalpais Valley civil engineer John W. Bell today sued Albert Warren Ellis Sr., 40, of 333 Locust Avenue, San Rafael, for $200,775 over the hit-run death of Bell's wife June 24, 1960.

The three owners of the Fireside, Inn, in Mill Valley, also were named. The suit for $200,000 general damages and $775.12 funeral and burial expenses, charges one of the owners, James M. Bellino, with negligence.

The suit, filed yesterday, charges Mrs. Helen Bell, 39, suffered fatal injuries when "struck by the side" of Ellis's panel truck. The suit said Ellis had tried to keep her from leaving the truck when an argument began as he was driving her home.

The action charges that she was "hurled into a ditch" and Ellis "negligently drove away" from the scene on Shoreline Highway near Pinecrest Avenue.

Mrs. Bell died the next day.

The suit says Bellino drove to the scene of the accident with Ellis and "negligently failed to furnish medical aid" to the woman "after having volunteered to do so."

The suit adds that Ellis was "directed to use a telephone other than the telephone located in the premises" of the Fireside Inn to call for help.

Named as defendants along with Bellino and Ellis are the two other co-owners of the Fireside Inn, Robert Cavalli and Paul J. Smith.

Ellis was sentenced to six months in Marin County jail as a result of her death.

Bell now lives in Santa Cruz.

President of the United States.

"It was this contempt for public opinion coupled with the obviously misleading caption under which the report was ordered which prompted me to carry the matter further.

"I am, of course, disappointed that the report apparently does not lend itself to tackle the existing weaknesses in the city's accounting procedures, since only the last budget hearings elicited the comment that the city has no inventory of its assets such as land or equipment."

Fischel added: "However, I for one, am satisfied in accomplishing at least a brief unveiling of the report and gladly abide by the collective wisdom of the Grand Jury."

Fischel concluded:

"I wish to express my appreciation to the Grand Jury who found this issue of possible violation of the public disclosure laws of sufficient merit to investigate.

"I also wish to thank the many people and the Independent-Journal who have supported my quest for openly conducted government."

The accounting report examined by the jury after the council refused to make it public had been submitted by the San Francisco firm of Lindquist, VonHusen and Joyce.

TODAY'S EDITORIAL

Golden Gate Commission Is Dead; Problems Remain

One of the hardest, unsuccessful fights of the just-ended state legislative session was the battle for the Golden Gate Transportation Commission.

This was not something that blossomed full bloom at this session. This was the result of years of study and compromise. Marin Sen. John F. McCarthy fought a valiant fight for it not merely this year, but in previous years as well.

We did not support his efforts. The bill as it was finally boiled down this session was objectionable to us because it violated one of our strongest tenets, that the Golden Gate Bridge should some day be toll free. As it was finally written, the Golden Gate Transportation Authority bill would have ended any hope of a free bridge and would not have, we believed, in the foreseeable future offered adequate compensations in better government.

But we acknowledge that something must eventually be done to integrate the operations of any physical, but not political, entity like the San Francisco Bay Area.

It makes no sense that new, specialized agencies are set up for particular duties. We have a smog district, a water pollution district, a rapid transit district, and others, each one independently yet concerned with the same community. It is like having one city council for the fire department, another city council for the police department and a third city council for the road department.

It was interesting to note, then, the reaction of Gov. Edmund G. Brown to the defeat of the Golden Gate Transportation Commission. Asked about it in a press conference shortly before adjournment, he said:

"Well, I am very disappointed about that. I have a letter that I am going to send to the legislature, to the Speaker and to the President Pro Tem in connection with this whole problem of urban development.

"We are going to add nine million more people to California in the next 15 years . . . and of all the things that the legislature has failed to come to grips with it's in the field of urban development. Even though we lost this fight, I don't intend to stop trying to reach the right planning and development for our cities. Governmental costs are far too high by reason of fragmentization of government and districts . . . "

We agree, governor, and hope you'll join with Senator McCarthy again in a program aimed at accomplishing better government at a lower cost and without the people losing control.

World's Greatest What?

It used to trouble us a bit that we never excelled at anything. It bothered us that we were not what people called great. It seemed we were destined to live out our lives under a dismal gray cloud of mediocrity.

The more we pondered the more depressed we got. Surely, we reasoned, we were the best, the greatest, the most superlative something. It remained for the woman at our house to show us the light.

She recognized our great gift when we accompanied her shopping the other evening. As we loaded up our basket at the delicatessan counter, she exclaimed with mingled awe and admiration, "You are without doubt the world's greatest impulse buyer!"

That was it. We had made the grade. Our talent had been recognized. Yes, it was true. That was our great gift. We were in a class alone.

BABY RETURNS $10

When a 2½-year-old youngster toddled up to his mother and handed her a $10 bill while she was taking care of some business at a bank in Stillwater, Oklahoma, she was horrified and embarrassed.

"Put that back where you got it!" she sternly insisted.

The little tot obediently walked to the middle of the bank and placed the money on the floor.

Though they may not always follow a predictable line, children at an early age display a desire to be constructive and helpful. Great care should be taken to detect and bring out these creative tendencies in boys and girls.

While their little excesses must naturally be curbed, irreparable harm can be done by squelching signs of initiative and resourcefulness.

God instills makings of greatness in every child. But he leaves it to parents, teachers and others to discover their hidden power and direct it into channels where it is most needed.

"Look upon your servants, and upon their works: and direct their children."
(Psalm 89:16)

Inspire parents, O Holy Spirit, to avoid the extremes of being either too strict or too indulgent in training their children.

HAL BOYLE'S COLUMN

How Columnist Solved The Goofy Case Of The Vanishing Marigolds

By FRANCIS STILLEY
For Hal Boyle

NEW YORK (AP)—As pumpkinhead amateur gardeners go, I just about went batty—trying to solve the mystery of my vanishing marigolds.

Here's what happened:

I started some small marigolds in pots in the house. When they got about three inches tall, I transplanted them to the postage-stamp-sized garden in front of my apartment.

I basked in a warm glow of satisfaction, knowing that not only my marigolds but the petunias, zinnias, cosmos, and pansies all were going to do well this year.

A few days after transplanting the small marigolds, I discovered they were disappearing one by one. The peculiar part was that they had been snapped off cleanly at the stem.

At first, I thought perhaps stray boomerangs from neighbor children had done it. But this is a yo-yo year.

THEN, while sitting on the front porch one night, I was sure I had the answer. Several stray cats threw a party in my garden, all but wrecking a fine clump of pinks before I could break up the festivities.

This explanation didn't hold up either, unfortunately. The marigolds kept disappearing—but now, roots and all.

AT DUSK a few days ago came the astonishing revelation. While standing in front of the house, chatting with a neighbor lady who hadn't planted any marigolds in her garden, my eye happened to fall on my own botanical wonderland.

A bird about the size of a robin was just yanking out another of the marigolds. And zoom!—like a Redstone rocket it went whizzing right by me, clutching my marigold in its pesky beak.

Real Need For Aged Housing

Independent-Journal:

Because I have been supportive of the proposal to erect low rent housing for elderly persons with small incomes, I was disturbed to read the arguments against the measure on the ballot for the June 27 election so I carefully re-checked the information I had received.

Studies have indicated, the Housing Authority survey of housing needs of elderly persons, and the Conference on the Aging, held April 15 at the Baptist Theological Seminary, confirm that there is a very definite need for such housing in Marin County.

This project, like the Marin City project, will be financed by federal funds entirely and repaid from rental income and federal assistance during the life of the project.

It is not a county obligation in any way. Indeed, public housing makes payments of 10 per cent of rentals in lieu of taxes. The Housing Authority has paid over one and one-quarter million dollars in local taxes in recent years and has never received a cent from local taxes.

I strongly urge a "YES" vote.

Our Children Undereducated

EDITOR,
Independent-Journal:

We are enclosing a copy of the letter we have written to the San Rafael School Board concerning the life adjustment and exploratory language courses taught in the San Rafael schools.

San Rafael School Board
San Rafael

We as parents wish to voice our protest to the life adjustment and exploratory language courses taught in the San Rafael School District.

We feel that the life adjustment courses are intruding in a sacred area that should be left to the parents only. We do not want the schools teaching our children how our home life should be run, how our money should be spent, how they should date, and so on. We have examined and read the books used in these courses and found them highly objectionable. They are definitely negative in approach, giving the child the idea that the world should turn around him.

These books also teach the child that what "everyone else does" is right for him also. Who is "everyone else?" We do not want our child encouraged to date at 13 years of age. These are CHILDREN!

Our children are individuals and the schools have no right to teach them to conform to mediocre standards and to live as "everyone else" does. We certainly do not feel that life adjustment as it is taught in our schools, is in any way teaching high standards of morals and manners and the courses should be dropped immediately.

We send our children to school to learn to read, to write, and to use arithmetic. We also expect them to learn history, art, music, literature, geography, and foreign languages. Yet it seems that even good basic English is not given to all students. How can a child that cannot read and use his own language properly be expected to learn anything, and particularly a foreign language?

Mrs. Difley herself stated that if the children learned more basic English and possibly even a foreign language from the time they start school, there would be no need for exploratory language. These children cannot communicate properly with themselves. How can they communicate with the rest of the world?

We cannot understand why you are persisting in undereducating our children.

You, the board, have stated that these changes take time and study. Many studies concerning life adjustment courses have already been made. Each one has recommended dropping the courses. San Francisco has eliminated their life adjustment courses. We are now the only Bay Area district left with these useless courses and we want them eliminated.

Frank Lucas stated that if even one parent questions the validity of a course, then it is time to study it. Now several parents have spoken; the facts have been presented; and we hope that you, as intelligent people, will see fit to act on this most vital issue as fast as you act on such matters as spending thousands of dollars for such items as a new swimming pool and new sports equipment.

This is not a matter to be referred to a committee for "study." All too often these committees end up quietly burying an issue such as this when there are a few people who think that the parents do not know what they are talking about.

We have put our faith in you, the board, and hope that you will take prompt action to eliminate these courses and give our children the best education possible in good solid subjects.

Other Groups Write Opposition?

EDITOR,
Independent-Journal:

I am incredulous and find it an insult to my intelligence to be told by the Marin County Taxpayers Association (in the information to voters accompanying the sample ballot) that no emergency exists with regard to the County Hospital.

When the same organization uses the same argument to oppose construction of low rent housing, it is apparent they are just blowing the same tune for any occasion.

Could not some more intelligent organization prepare opposition statements geared to the issue rather than have the voters exposed to comments made in the interest of right wing reactionaries?

Important Part Of Childhood Being Slighted By Summer School

"No more pencils, no more books,
No more teachers' cross-eyed looks."

That sound used to reverberate throughout the land at this time of year when the youth of the country put aside their books and started out on that glorious adventure of three months vacation.

No longer does that cry ring as the excited children leave school. Now they end the school year and go back to summer school. Some call it an "enrichment program" and others a "make-up course."

We're inclined to look on it as another glorified baby sitting service of the public school system—babies all the way through high school. Parents encourage it because it gets the children out of their hair that much longer.

BUT WE STILL feel that some very important part of childhood and growing up is being slighted. Children need time for idleness and idle thoughts in their growing up process.

Boys need time for such important things as sitting down in some quiet grass and doing nothing but let the pace of nature carry him along.

He needs time to make acquaintance with growing things. He should have long summer days to watch the tadpoles grow into frogs that leap into the creek ahead of him and then eye him from the safety of a rock.

He needs time to watch the busy flights of birds until he realizes that they are building nests, hatching eggs and rearing a brood of baby birds.

THESE ARE the things that he needs time for, time to let that quiet voice of Nature tell him that he too is a part of this growing, ever-changing scene of life.

He will acquire kinship with all living things that he can never learn later in life. Once the chance to feel this has gone from him in childhood, it can never return or be recaptured.

It doesn't necessarily need to be in the wild country either.

I remember once short months ago watching a small girl walk across a supermarket parking lot during a light rain. She stopped to talk to a fairly large dog. She got down on her haunches and talked with the dog, putting her arm around the stranger.

Then, to my amazement, the dog returned her love and put his left forearm around her shoulders. I do not know how long the girl and dog sat together, but it was a moment in her life that can never be recaptured in later years.

CHILDHOOD NEEDS time for such moments. When children go "out" and do "nothing," it means just that to adults. But to children, it means that somewhere in this big unexplored world are things that need observing.

Girls too, I presume, need these idle hours to dream. At least I would think they would have the counterpart of a boy's growing up thoughts.

THESE ARE TIMES that all children get to know themselves. These are the times of "playing grownup" and setting the pattern of their future behavior. These are really the moments that mold their personalities.

Somehow, it seems that there are a great number of things that need to be learned that can never be taught in a classroom. That is why we hate to see children lose that glorious adventure known as summer vacations.

Will U.S. Or Russia Benefit Most By End Of Atom Test Ban?

WASHINGTON — Negotiations on testing were resumed at Geneva on March 21 after they had been suspended for about 10 months as the result of the Eisenhower-Khrushchev quarrel. During the interval there had been important changes in the positions of both sides.

The United States went to considerable length in offering concessions. What was not foreseen was that during the long recess, the position of the Soviet Union would change radically.

The change was marked by the new demand for the troika, for a three-man administration, and the change was accompanied by many signs that the Soviet Union has lost interest in the whole idea of a treaty to prohibit nuclear testing.

THE CENTRAL question for the President in forming American policy is why the Soviet government is now so little interested in concluding a treaty. A part of the answer, but truly not the whole answer, may well be that the Red Chinese are refusing to adhere to the treaty because they are determined to become a nuclear power in their own right. Were Khrushchev to conclude a treaty with the United States, it might mean a serious break with Mao Tse-Tung.

Another part of the answer, though I would guess a small part of it, may be that if we reject the treaty because of the troika, we shall be the country that resumed nuclear testing which the "neutrals" fear and hate, because we refused to let "neutrals" participate in administering the ban.

PRESUMABLY, a harder reason lies in the relative advantages to each side if the present moratorium on testing were removed.

We cannot assume, as some among us do, that the resumption of testing would benefit only the United States and not the Soviet Union. We cannot assume this because if the benefits were one-sided, the Soviet Union would be much more concerned than it is to conclude an agreement.

I am told by those who ought to know that while the Soviet scientists and technicians are as good as our own, our weapons and our technology are considerably more advanced and more sophisticated than theirs.

If this is true, the question is whether with a resumption of testing, they will catch up with us, perhaps surpass us. We must remember that the end of the moratorium would permit testing not only underground, but anywhere.

WE CAN BE certain, I believe, that if the Soviet Union decided that testing in the air was vital to its security, it would test in the air. Also, we do know with reasonable certainty that the Soviet Union is interested in the biggest nuclear weapons, not in tactical nuclear weapons.

That the decision which the President will now have to make is not obvious, is not open-and-shut, is shown by the fact that, while warning the Soviet Union that without a treaty we shall be free to resume testing, he has not yet ordered testing to be resumed. He has first to determine whether the net balance of advantages would be substantially on our side.

REP. MILLER SAYS:

Labor Force Of Youth Growing In America

By REP. CLEM W. MILLER

WASHINGTON — The baby boom of World War I and the postwar years has resulted in a spectacular increase in the number of young people now entering the nation's labor force.

Many of them — nearly half a million between the ages of 16 and 22 — are out of school today and looking for jobs. Their unemployment rate (16.8 per cent) is more than twice the national average of 7.7 per cent.

The crest of the tide of these unemployed young people will come in 1966 when more than 1.2 million are expected to be idle or looking for work.

This waste of manpower is going to become a national problem of serious proportions if we do not act promptly to learn practical solutions. The warning signs of increased juvenile delinquency — caused in part at least by trouble-brewing idleness — are well known.

In particular, the two out of three who are high school "drop-outs" will need job preparation. Because of automation and other technological changes, more and more jobs call for increasingly high standards of skill while the need for unskilled labor is constantly declining. During the Sixties 7.5 million will drop out of high school. They face intermittent and unskilled work throughout their working lifetimes.

Further, we have a lot of work that needs to be done, and for which we cannot seem to find funds or trained workers.

On June 7 the president sent to Congress a bill known as the Youth Employment Opportunities Act of 1961. Hearings are being held this week and I am one of a number of members of Congress testifying on behalf of the bill.

The bill would authorize three-year pilot programs to test three different approaches to the problem of unemployed and unemployable youth.

These are the proposed approaches:

1. On-the-job and related vocational training, including classroom instruction. This would be done by agreement with private employers, labor and other industry groups, schools and other community groups.

2. Local public service, in cooperation with state and local governments. This would include work on many kinds of public facilities including hospitals, parks, etc.

3. Youth Conservation Corps, an outdoor camp-based program for natural resource conservation work under direction of state, federal or local conservation agencies.

The Redwood Empire has hundreds of thousands of acres of national forest and other public forest and range land, much of which is deteriorating. Naturally, I am particularly interested in the Youth Conservation Corps idea. In 1959 I was one of the early co-sponsors of similar legislation first introduced by Senator Humphrey of Minnesota.

The idea, of course, is similar to the highly successful Civilian Conservation Corps of the '30s. One important distinction is that YCC projects would be administered by the professionals of the cooperating agencies. These could include the California Department of Fish and Game, California Division of Beaches and Parks, U. S. Forest Service, Bureau of Land Management, and Fish and Wildlife Service.

Each of these agencies has a backlog of needed conservation work on the shelf — just waiting for the manpower to do the job. A few examples: Reforestation, erosion control, replanting of grass on grazing lands, fish and wildlife habitat improvement, building or recreation and access facilities on national forest and BLM lands. In addition, the YCC would build fire protection roads and trails and provide a trained cadre for fighting forest fires.

I think of such conservation work as capital investment in the natural resource base upon which our future economic growth and, indeed, our future success as a nation ultimately depends.

Launching Ramp Closes Next Week

Sausalito's Turney Street boat launching ramp will be closed Monday through Friday of next week during which time a reinforced concrete slab will be constructed.

The slab is the first phase in work on the ramp which is designed to allow eventually the launching of two boats at a time instead of the present one, according to Michael T. McGovern, supervisor of public works. The launching area is now graveled.

The slab will be 22 feet wide, 40 feet long, six inches thick and will have reinforced concrete slats linked to it. It will provide a flexible mat, McGovern said, to extend from the ground to below water level.

Kennedy Tax Request Wins Final Approval

WASHINGTON (UPI) — President John F. Kennedy's request to extend present taxes on new cars, liquor, telephones, cigarettes, travel, and corporation profits yesterday won final congressional approval.

These taxes first were imposed as an "emergency" measure during the Korean war. They have been extended 10 times.

Kennedy sought the one-year extension to keep the federal budget from slipping too deeply into the red. The taxes bring in 3.7 billion dollars in revenue, about the same figure as the deficit which the administration expects to run in the next fiscal year.

Sen. Harry F. Byrd (D-Va.), chairman of the senate finance committee, has said that without the extension the deficit for next year would be almost doubled.

The Senate passed the extension without a dissenting vote, and sent the measure to the White House. The present law expires June 30.

Although this action will help the federal budget, the House post office committee a little earlier did just the opposite when it rejected Kennedy's plea for a 741 million dollar increase in postal rates.

The administration had been counting on increased postal rates, including a five-cent stamp for first class letters, to help keep the deficit in check.

The largest source of revenue in the tax bill comes from the present 52 per cent corporation tax, which provides about two billion dollars a year. Unless extended, the rate would fall to 47 per cent.

Other taxes include eight cents on a pack of cigarettes; 19 per cent on new cars, telephone service and travel, and gallonage taxes on wines, liquor and beer.

Senators who favored repeal of some of the levies made token speeches before the Senate voted. But they offered no amendments.

The National Fire Protection Association estimates that 3,000 children die in fires each year in the United States. Almost one-third of the children are alone when fire breaks out.

Tuesday, June 27, 1961

A majority "YES" vote on Proposition 1, "Housing for the Elderly" will authorize the Housing Authority of the County of Marin to develop 300 new low rent housing units with Federal financial assistance for elderly persons and families of low income.

(Maximum yearly incomes under $3600)

Endorsed by:
Businessmen, Chambers of Commerce, Churches, Civic Groups, Doctors, Educators, Labor Unions, Political Organizations, Senior Citizens, Social Workers and Veterans.

Because:
1. 300 low rent dwellings are needed for Marin's low income elderly.
2. This program will be provided at no cost to Marin County.
3. Housing projects make tax contributions.
4. This program will be locally controlled.
5. New housing increases local purchasing power.
6. Housing for the elderly helps reduce the costly burden on County Hospitals.
7. This program does not compete with private housing.
8. Most important—this program means decent housing and a better life for Marin's senior citizens.

Without this program:
1. Marin senior citizens will continue to struggle under the financial and physical hardships of inadequate housing.
2. The Federal funds available to Marin County will be spent elsewhere in some community that cares for its elderly.

Giants Skid To New Low; Take On Cardinals Tonight

O'Dell Faces St. Louis; Braves Break HR Record

ST. LOUIS (UPI)—The ailing San Francisco Giants opened a three-game series with the St. Louis Cardinals, hoping to climb back on the win trail after falling to a new season's low at Milwaukee. The Braves smashed five home runs and a major league record last night in defeating San Francisco, 8-6, for the third straight time. The loss dropped the third-place Giants four games off Cincinnati's pace in the National League standings, the widest gap between Manager Alvin Dark's men and first place all season.

Dark was leaning toward left-hander Billy O'Dell (3-3) to open against the Cardinals tonight. Veteran Curt Simmons (2-6) was scheduled to fire for St. Louis.

Frank Thomas provided the big stick for the Braves last night, blasting two homers and rapping a single to bat in four runs. Hank Aaron, Gino Cimoli and Frank Bolling also homered for Milwaukee, as the power-laden Braves broke the Giants' former major league record of hitting 35 roundtrippers in 13 consecutive games. The old New York Giants set the mark in 1947.

Willie Mays also added to the slugging festivities for the Giants by pounding his 15th and 16th home runs of the campaign. It also marked his 9th and 10th off Milwaukee pitching.

NEARS RECORD

The centerfielder, who is suffering from a sore shoulder, now needs only four more homers in 11 games to break the league record of 13 against one club in a season.

Juan Marichal started for the Giants and was shelled for six hits, including four home runs, before being relieved by Stu Miller in the fourth. Marichal suffered his first loss ever against the Braves. He now owns a 4-4 record on the season.

Billy Loes took over for Miller in the sixth, but the eccentric Giant pitcher was ejected in the seventh by plate umpire Ed Vargo after disputing a call. Loes climaxed the debate by waving his fist and tossing his glove and ball at Vargo.

BUHL THE WINNER

Bob Buhl (4-5) picked up the win, although he needed help from Don McMahon in the ninth.

The Giants had runners on base in every inning, and left 12 stranded.

All but one of the Braves' runs resulted from homers. Aaron and Thomas hit back-to-back clouts in the second, Bolling belted his in the third, Thomas followed with his second in the fourth, and Cimoli pounded the final Brave roundtripper in the fifth.

Mays smashed his home runs in the seventh, with none aboard, and in the ninth, driving home Willie McCovey, who was hit by the pitcher.

MRS. APOSTOLI FIRES 69 AT PEACOCK GAP

Mrs. Fred Apostoli of 31 Wood Lane, Fairfax, has won many golf tournaments over a 20-year period of success on the fairways, but it wasn't until this week—in a practice round—that she turned in her greatest performance.

Mrs. Apostoli, wife of the former world middleweight boxing champion and proprietress of The Embers restaurant-cocktail lounge in Corte Madera, turned in a one-under par 69 on the new Peacock Gap Golf and Country Club course at Marin Bay development.

Her round included two birdies and one bogey on the front nine and one bird to offset a bogey on the back side.

"It's the best round I've ever played or ever will play," Mrs. Apostoli said. "I've framed my scorecard."

State Tourney To Open Here Next Week

The stage is all set and a star-studded field lined up for the California State Semi-Professional Baseball Tournament to open in San Rafael a week from tonight, State Commissioner S. L. "Brick" Swegle announced today.

The tournament will be played in two halves, Swegle said, the first half running from June 30 through July 9 and the second half from July 28 through mid-August.

The newly-organized San Rafael Merchants, made up mainly of Marin high school stars, has drawn the honor of opening the tournament next Friday night against the San Francisco Misracks at 8 p.m.

MARIN ENTRIES

The opening weekend will feature three Marin teams in action. Following San Rafael's opener Friday night, the Ongaro Plumbers of San Anselmo play Walnut Creek Merchants at 8 p.m. July 1 and the Mill Valley Merchants play a 1 p.m. game July 2 against a team to be announced.

Marin County's other tournament entry, the Tiburon Pelicans, are scheduled in the second half against Presidio of San Francisco at 9 p.m. July 29.

The defending champion Hatzell Radio team of El Cerrito will return to defend its crown this year, Swegle said. It is scheduled to play July 28 against Wright Lighting of San Jose, formerly the Nesbit-Masonry team that won the title in 1959 and was runner-up last year.

S.F.'s Athene Leads Tahiti Yacht Race

Two members in good standing of San Francisco Bay Area's illustrious Cruising Club A ocean racing fleet were running one-two on corrected time in the Los Angeles-to-Tahiti yacht race, the Associated Press reported this morning.

They are James Wilhite's Athene, running first ahead of the pack, and Jack Hedden's Good News, a close second.

Novia del Mar was placed in third position and the Morning Star, the early leader, was fourth. The Morning Star, a southern California favorite, is expected to move to the San Francisco area for next season.

The Alert was in fifth place, Farida sixth and Mariachi seventh, according to the AP reports.

Radio reports said Wilhite's 63-foot yawl, on correct time, was 710 miles out of Los Angeles. The Morning Star led in position at 713 miles from port but was fourth in the corrected time standings.

The L. A.-Tahiti race covers some 3,571 miles.

AFL Prestige Gains; Advance Tickets Up

BUFFALO, N. Y. (UPI) —Commissioner Joe Foss said today the American League is on a sounder financial footing than at the time the second professional circuit was founded in the fall of 1959.

Foss told a news conference that season ticket sales for the 1961 season are approximately 70 per cent ahead of last year. The eight-team AFL attracted 960,000 paying customers in 1960, its first season.

"In our first year of operation our prestige has come up considerably," Foss said. The commissioner made the statements following the opening session of the two-day meeting of AFL owners. He noted that Buffalo and Denver were well ahead of the 1960 attendance pace.

The bulk of the three-hour conference was devoted to business reports from the club presidents. The most significant budget reports were given by Calvin Kunz, new president of the Denver Broncos, and Bud Hastings, general manager of the Oakland Raiders.

Kunz, who operates a farming business in Arizona, said Denver has sold 3400 season tickets to date, or about 800 over the entire 1960 figure.

Hastings told the owners that the city of Oakland plans to build an all-purpose stadium seating 48,500 initially, and expandable to 70,000. The stadium, to be located opposite the Oakland Airport, is expected to be ready by the fall of 1963.

NAPAN GETS FISH APLENTY, 166 TOO MANY

KLAMATH FALLS, Ore. (AP)—George Dewey Tomlin, 62, of Napa, had 186 trout when game officer Robert Snyder caught up with him. It cost Tomlin $438.

Tomlin said he and a friend had been fishing in the Elder Creek area since Saturday. The legal limit is 20 in possession for each man.

District Judge Hal Coe fined Tomlin for each fish over the limit.

Tomlin paid and went back to California.

Marin Youths Have 4 Shots At Net Titles

Marin County has a good chance of claiming champions in four divisions of the California Junior Tennis Tournament which ends this weekend at San Jose.

And three of them may belong to the Stockton family of San Rafael, as teen-ager Steve Stockton has gained the semi-finals in the boys 15 and under age division, and 10-year-old Mighty Mite Dickie Stockton has advanced to the finals in two classes—13 and under and 11 and under.

Marin's other star with a title in sight is top-seeded Reed Witt of Larkspur who has moved into the semi-finals for boys 13 and under.

BUSY LITTLE GUY

Little Dickie Stockton will be busy today seeking the finals title in his two divisions. Yesterday in the 13 age group Dick outfought Bob Miller of Carmichael 6-4, 2-6, 6-4 and had it a bit easier in the 11 age group by eliminating Bud Guion of Sacramento, 6-2, 6-4. His finals opponents today were Steve Turpen of Sacramento (13 age) and Erik Vandillen of San Mateo (11 age).

Steve Stockton won his quarterfinal match yesterday with an easy 6-0, 6-0 victory over Greg Parkerson of Novato.

Witt, meanwhile, came up with a tough 8-6, 9-7 edge over Ron Batchelder of Watsonville.

Slider Pitch Called 'Devil's Toy'; It Has Revolutionized Baseball

HANLEY

ST. LOUIS—Stan Musial, least pretentious of baseball's stars, was talking about hitting—and when Musial discusses hitting everybody listens. He hasn't changed his mind on why high batting averages belong to a bygone era.

"Ever since the pitchers came up with the slider," said Musial, "batting averages have been going down. During spring training this year I remember having a long talk about the slider with Art Daley of the New York Times.

"I told Art it was the invention of the devil and he improved on that description by calling it a 'devil's toy.' It is."

And precisely what is a slider?

"It's an optical illusion," said Musial. "It looks like a fast ball but in the final two feet swerves just a couple of inches so you seldom get the good part of the bat on it. It has revolutionized baseball."

While Musial restricted his definition of a slider to a fast ball with a last-second swerve, there are others who insist a slider not only is a refinement of the fast ball but also a curve.

CHARLIE DRESSEN is one of them. The other night in the Tepee Room, as the press room in Milwaukee County Stadium is known, the Brave manager also talked about the slider. Both he and Musial agree that it has knocked batting averages down and down but Dressen defines a slider this way:

"It is a fast ball with a very small and very fast break, or a curve with a very small and very fast tailend fillip.

"I'VE HEARD it said that night baseball is the real reason why we don't have .375 hitters, not to mention .400 hitters, any more. Maybe, I always thought hitters did better in the natural light of the sun but in recent years I've seen fellows who seem to hit better at night. The slider is responsible for the come-down in batting averages."

Ted Williams, the last of the .400 hitters, doesn't discount the effect of the slider but when he appealed this spring for "a better break for the batter," he attributed the lack of high batting averages primarily to night baseball.

"Since the end of World War II," said the former American League Thumper during a preseason clinic in Arizona, "baseball conditions have deteriorated for the batter. There are more night games and lights aren't standardized. There are flickering scoreboards and lighted buildings that create conflicting backgrounds to interfere with a batter's vision.

"I THINK baseball must give this serious consideration. The nucleus of the game remains a contest between the pitcher and the hitter."

Williams, of course, does make a valid point about bad backgrounds making it more difficult for batters. But he personally refuted the night baseball argument for the disappearance of .400 hitters when he turned the trick in 1941, some years after night ball made its debut in the mid-30s.

Perhaps night ball has had a lot to do with the vanishing breed of big belters but, as Musial and Dressen say, don't downgrade the slider.

A.L. TITLE RACE

Ford, Maris Power Yanks Near Lead

By ASSOCIATED PRESS

What with Whitey Ford the top winner in the majors, and Roger Maris and Mickey Mantle 1-2 in home runs, about the only thing the New York Yankees are missing these days is a top seat in the American League pennant race. And they could grab that this weekend.

The second-place Yankees are just a game behind Detroit. And while the Tigers open a four-game struggle at Cleveland with the third-place Indians tonight, the Yanks play the first of three at Minnesota against the ninth-place Twins, who have lost seven in a row to New York.

Detroit retained its slim edge over New York, and moved three games ahead of idle Cleveland, with a 6-4 victory at Washington last night. The Yanks won 8-3 at Kansas City with Ford winning his 12th and Maris crashing his 27th homer.

Baltimore battered Minnesota 8-2 and Boston got past the Los Angeles Angels 3-2 in the only other AL games scheduled.

Maris hit a pair of doubles and a single in addition to the homer, a three-run shot off loser Norm Bass (4-6) that capped a five-run second inning for the Yankees. It was Maris' 15th home run in June, three shy of the major league record.

SIX-GAME STREAK

Ford (12-2) ran up his second six-game winning streak of the season, but needed relief help from Luis Arroyo in the eighth after blanking the A's on three hits through seven innings.

Consecutive doubles by Rocky Colavito and Norm Cash cracked a 4-4 tie in the seventh inning for the Tigers, who twice had to come from behind before handing the Senators their sixth straight defeat. Colavito also homered, to lead off a three-run second inning. Terry Fox (2-0) was the winning pitcher in relief.

Gus Triandos drove in five runs with three hits, two of them doubles, as the Orioles beat the Twins and southpaw Jim Kaat (2-7).

There were 15 bases on balls but only five hits in Boston's squeaker at Los Angeles. The Red Sox, behind the two-hit pitching of rookie Galen Gisco and winning reliever Mike Fornieles (5-3) won it on a third-inning single by Chuck Schilling. Ryne Duren (2-8) was the loser.

Banks' Streak Of 717 Consecutive Games May End

CHICAGO (AP) — Today is the day of decision for ailing Ernie Banks, the Chicago Cubs home run slugger, who holds the current major league record of 717 consecutive games played.

Ernie says he will end his playing streak at once and give his injured left knee a rest if his doctor so advises.

He has an apointment with Dr. Ralph Metz, the Cubs' physician, before the team leaves for Milwaukee to play the Braves tonight.

Banks suffered a knee injury with the army in Germany before he entered major league baseball. It has bothered him off and on for years. The condition was aggravated again when he ran into a wall while playing in San Francisco.

New Heavyweight Star Thinks He Can Whip Floyd

SAN FRANCISCO (UPI)—Alejandro Lavorante, who leaped into the heavyweight picture by knocking out Zora Folley, thinks he could take care of champion Floyd Patterson, too.

Lavorante, an Argentine, faces Monroe Ratliff of Los Angeles in a 10-round scrap next Thursday at Civic Auditorium. Both fighters appeared yesterday at Newman's Gym and the 6-foot 3½-inch, 205-pound Lavorante towered over his 185-pound foe.

Lavorante has a 13-1 record, while Ratliff has a journeyman record of 13-14-4.

Lavorante said through his interpreter that "I wasn't surprised when I knocked out Zora Folley last month and I believe I could beat Patterson. I want very much to bring the

Wide-Open All-America Bowl Game Predicted

BUFFALO, N.Y. (UPI) — The top echelon of the collegiate football ranks stage the first East-West All-America Bowl game tonight in War Memorial Stadium.

The summer gridiron game is sanctioned by the American Football Coaches Assn. and the All-America Bowl Assn.

Rip Engle, who will direct the East squad along with Bill Murray of Duke's Cotton Bowl champions, predicted a wide-open game.

Our boys have worked real hard to get ready for the game," Engle, the Penn State Coach, said. "We have spent a lot of time on offense this week and will try to get the ball in the air a good deal against the West. We look for a high scoring contest."

Murray Warmath of Minnesota and Washington's Jim Owens, the West coaches, proclaimed that "our boys are up for the game."

"Our passers, Bob Schloredt of Washington, Bill Kilmer of UCLA and Tulane's Phil Nugent, have looked good in practice," Warmath said.

The 1960 college coach of the year indicated he would use Schloredt as the No. 1 quarterback. Halfbacks Glynn Gregory of Southern Methodist and Tom Mason of Tulane and fullback Tom Watkins of Iowa State round out the front-line backfield.

Engle, the winning coach in the 1960 Liberty Bowl, and Murray have employed two alternate attacking units which also will get their chances at defensive assignments.

One man is certain to play both the offense and defense for the East team. He's All-America Joe Bellino of Navy.

Officials of the All-America Bowl Assn. said a crowd of about 25,000 was anticipated.

One of the most distinguished guests at the contest will be U.S. Attorney General Robert F. Kennedy, who has donated the most valuable player award and will present the trophy.

Centralia, a city of about 14,000 people in southern Illinois, is the population center of the United States. The actual center, according to the 1960 census, is on a farm 6½ miles northwest of Centralia.

Dodgers Invade Cincinnati, Try To Stop Sizzling Reds

By ASSOCIATED PRESS

After a month-long, three-way jam at the top, there's finally some daylight showing between the leaders in the National League race as the Cincinnati Reds take a two-game lead into the opener of a three-game series with the visiting second-place Los Angeles Dodgers tonight.

The Reds, winning eight of nine, padded their lead with a 7-5 victory over St. Louis last night after the Dodgers had lost 7-5 to the Chicago Cubs. Milwaukee dropped third-place San Francisco four games behind by whipping the Giants 8-6.

Fourth-place Pittsburgh beat Philadelphia 5-1.

The Reds, out-hit 8-6 by the Cards, came from behind with two runs in the fourth inning, then wrapped it up with a three-run sixth off loser Larry Jackson (3-7). A sacrifice fly by Gordie Coleman brought home the deciding run in the sixth for the Reds. Bob Purkey (9-3) was the winner, with relief help from Jim Brosnan in the eighth.

George Altman, Billy Williams and Jerry Kindall each hit home runs and drove in two runs as the Cubs beat the Dodgers for only the third time in 12 games. The Dodgers, who had homers by John Roseboro, Daryl Spencer and Duke Snider, blew a 4-1 lead in this one. The Cubs cracked a 5-5 tie with two runs in the eighth.

The fifth-place Braves, winning four in a row for the first time, hammered five home runs, two by Frank Thomas, while putting away a three-game sweep over the Giants. Thomas drove in four runs, bringing the winner across with a single in the fifth. Frank Bolling, Hank Aaron and Gino Cimoli hit the other homers. Right-hander Bob Buhl (4-5) was the winner, Juan Marichal (4-4) the loser.

Two home runs by catcher Smoky Burgess drove in the Pirates' first four runs. Both shots were off John Buzhardt (2-8), who hit Burgess with a pitch in his third trip to the plate and was handed an automatic $50 "beanball" fine.

The tsetse fly shaped the political division of southern Africa in the late 19th Century. Flies carrying the parasite that causes sleeping sickness halted the Boers' northward expansion in Transvaal.

PLENTY OF TALENT, BUT LITTLE MONEY

Here is the "family portrait" of the newly-organized San Rafael Merchants semi-pro baseball club which will compete in the California State Tournament at Albert Park, San Rafael beginning June 30. Composed mainly of Marin high school stars, the team has been struggling financially to stay in business throughout the season. Local Merchants, organizations and individuals are being asked to lend a helping hand. ,A $35 donation will sponsor one player. Fifteen such donations are needed, the San Rafael Chamber of Commerce said. Next Wednesday the Merchants will play the Giant Rookies of San Francisco at Albert Park and proceeds from the game will go in the Merchants' kitty. Good Abalone Prospects Next Week; Bass Anglers Stick To Trolling

STEVENS

Before I forget it, let me remind all and sundry who get a thrill from prying abalones off the underside of a rock that beginning on next Tuesday some swell minus tides will fall early in the mornings. Tuesday—one-foot-one; Wednesday, one-foot-five; Thursday, one-foot-six, and Friday, one-foot-five.

Remember you should be on the shore, ready to wade in, one hour before the ebb. Follow the receding tide until it turns and then come back. Should be an epic abalone trip.

In the meantime? Well, if you can get aboard a party boat whose skipper knows the way of halibut, do so. Lots of the big flatties off Bonito and the various spots where there is a sandy bottom. For the tops in halibut fishing thrills, do your stuff with a whole herring (a medium sized sardine is also good) bumping the bottom of the Tomales Bay in a skiff.

IN CASE you happen to get a halibut and wonder how to fix it for eating, drop me a line and I'll send you a couple of good recipes. I say a "couple" because there are 17 different recipes in my files. You can bake 'em, fry 'em, escallop 'em or make Hawaiian chowder from 'em, and any method is guaranteed to please the palate.

IF YOU still prefer a bass fishing trip, stick to trolling—on the Flats off the Berkeley Pier, Alcatraz (it has slowed down temporarily in that sector), Raccoon Straits, the Sisters (perhaps the best bet for the lower San Pablo Bay) or get aboard a party boat out of Crockett for early morning or late afternoon trolling.

I JUST learned that Ruddy Dito, skipper of the Jackpot out of Dowrelio's Crockett Harbor, took an 18½-pound striper trolling for a half hour early Wednesday, before 7 a. m.

Alice Quan of China Camp reported John Bruener taking a limit of bass to 15 pounds trolling the Sisters; Gary Reynolds of Caruso's place at Sausalito reported the boat Ma-Ru netted six bass off Alcatraz but reported business slow; Red Oliver, of Lee Anderson's Bait Shop in Oakland, reported the R. S. P. with limits to six pounds on the Berkeley Flats on Tuesday, and the Troller tied that mark in the same area; Red also mentioned the Sea Horse landing three halibut to 47 pounds and the bait fishing for bass very slow.

Tuesday afternoon—a limit of mediums was taken ala trolling off the Union Oil Wharf.

"HANK" DOWRELIO assured me the trolling out of Crockett, near the pier and downstream off the buoys, is yielding an average of two bass per person.

AS I HAVE said, bait fishing is definitely in the doldrums. The back country areas are practically at a standstill bass-wise. But always something happens that pleases us all. Like, for example, the four-year-old daughter of the Roy Abbotts, Lynelle. The tiny heroine hooked, played, and landed an 8½-pound striped bass off the Marina, and also caught a 20-inch shark. Yeah, verily, and a child shall show them!

Lynelle's daddy, in his official capacity as secretary of the Castro Valley Rod and Gun Club, reported on the recent rifle shoot at Niles. Seems the Niles team was inspired—had a score of 105; Livermore came second with 80, Newark had 71, C. V. 62, Santa Clara scored 46. Washington came through with 28 and Richmond isn't bragging about its 17. Next rifle competition will take place July 9.

HOW ABOUT some Marin County shoot teams challenging the South Bay clubs? Maybe, eventually, an interstate competition, eh?

That's it for today. Goodbye, good luck and go get 'em!

Spahn Near Storied Record, But Still Fighting For Job

By OSCAR FRALEY

NEW YORK (UPI)—The magic number for Warren Spahn today is four.

Just that many more victories and the lean, hawk-faced southpaw of the Milwaukee Braves will post victory number 300. It will put him in a storied circle with an even dozen immortals of the past who reached that figure in major league triumphs.

But, while it will be his biggest thrill, Spahn actually considers those four wins—and those which seemingly are certain to follow them—as a matter of sheer necessity.

"You've got to keep winning or you lose your job," explains the 40-year-old with the 20-year-old arm. "You just can't afford to let down. Stand still and the first thing you know somebody is ready to take your place."

Question the percentage value of his 8-7 record if you will, but in compiling it, Spahn has proved to have a durability which well may be envied by a lot of much younger hurlers. He has gone the full distance in eight games and has pitched a two-hitter and a four-hitter.

Also a no-hitter.

'RIDICULOUS NO-HITTERS'

"This is ridiculous," he says of his no-hitter against the Giants. "A fellow my age just shouldn't be pitching no-hitters. I pitch 15 years in the National League and don't get one. Now, bango, I've got two."

The other one came last Sept. 16 against the hapless Phillies, one of his 21 victims as he climaxed his 11th 20-game season. But in case you think they give Spahn the plush pitching assignments against the cellar clubs, take notice that of his eight wins this season, five have been against big clubs. Three times he beat the Giants and added the scalps of the Pirates and the Cards once each.

"How do you figure it?" he asks of his sudden no-hit splurge.

NEARS MILESTONE

Spahn right now is the winningest left-handed pitcher in National League history with his current mark of 296 triumphs, run to that point on his 1961 record of eight wins against seven losses. The only southpaw who will top him in all baseball when he surpasses Lefty Grove's 300 total will be Eddie Plank of the A's, who won 305 games with the A's and Browns from 1901 through 1917.

The rangy Brave veteran actually should wipe out Plank's mark, too, before the season ends. Which inspires the question as to how long he can keep on going.

"As long as I stay in shape," readily answers Spahn, who has weathered knee operations and sundry ailments through the resilience of his rubbery soupbone. "So I'm 40. So what? Sure, I could run better 10 years ago but my arm is as strong as ever."

It is, indeed, if you believe in statistics.

NEW RECORD

At the start of the year, Spahn needed 12 wins to join that charmed "300 circle." With the season roughly one-third concluded, he has eight of them and seems well enroute to a new record of his 12th 20-game season.

The answer is with a big mixture: Sliders, screwballs and a better fast ball than most people imagine.

When he hits the 300 mark very shortly he will equal the victory total of the great Grove.

"That scares me," Spahn insists. "When I was a kid, Grove was the last word in pitching. I don't think I belong in his class."

He is, it might be added, the only one who thinks he doesn't.

Marin Lad Wins American Junior Rifle Honors

WASHINGTON, D. C.—The Expert Rifleman Medal, second highest award in American Junior shooting, has been won by Albert R. Anderson Jr., a student at Redwood High School, the National Rifle Assn. announced here today.

Shooting several hundred targets in the last few months the new expert marksman fired his way through 13 lower NRA qualifications to achieve his new high rating. With one more set of targets to fire the new expert will up his rating to Distinguished Rifleman, the select top qualification rating for the junior shooters of the nation.

The new junior expert is a member of the Marin County Sheriffs Junior Rifle Club.

Western Open Par Too Easy; 61 Smash It

GRAND RAPIDS, Mich. (UPI)—The easy-playing Blythefield Country Club course invited the nation's best golfers to score better than par today if they wanted to reach the third round of the $30,000 Western Open.

Second-year pro Al Geiberger of Santa Barbara, and 1960 U. S. Open Champion Arnold Palmer led the field of 149 as the tourney entered its second day.

With Geiberger and Palmer leading yesterday's parade at 65, a total of 61 players were under Blythefield's 36-35—71 par and another 20 equaled it. Amazed officials said it was likely a score of 142 or better—par for 36 holes—would be needed to gain tomorrow's round. Saturday's cutoff will be limited to the low 70 pros plus any amateurs with a qualifying score.

Bunched behind the co-leaders at the start today were six players at 66; 15 at 67; nine at 68; 15 at 69 and 14 at 70.

SNEAD AT 66

They included such top-notchers as all-time leading money-winner Sam Snead of White Sulphur Springs, W. Va., 66; Masters Champion Gary Player of South Africa, 67, and National Open Champion Gene Littler, El Cajon, Calif., 69.

Grouped with Snead in third place were Dave Hill, Don January, Doug Sanders, Ted Kroll and home pro John Barnum.

The only better par-shattering performances in a major tournament this year occurred in the St. Petersburg, Fla., open when 77 players turned the trick.

Two of the few names who didn't manage to beat par were Julius Boros, 1952 National Open champion from Mid Pines, N. C., who had a 73, and Frank Stranahan of Toledo, in with a 76.

Dodgers Sign Preps To Bonus Contracts

LOS ANGELES (UPI)—The Los Angeles Dodgers have signed two Los Angeles prep baseball players to bonus contracts calling for approximately $20,000 each.

Among the principal speakers will be John O'Conner, editor of the Monitor, official newspaper of the Archdiocese of San Francisco; Rev. Cyril Leach, writer and retreat master; Sister Mary Paulina, head of the Department of Psychology, Holy Names College, and Mr. and Mrs. John L. Martin. The greatest death toll from fire in American history occurred Oct. 8, 1871, in the area of Peshtigo, Wis. Spreading over 1,280,000 acres of forest land, flames wiped out 17 towns and took at least 1,152 lives.

Maritime Strikers Face Peace Plan, Injunction

NEW YORK (AP)—A rapid-fire series of meetings was called today for parties in the eight-day maritime strike to decide whether to accept a government peace plan.

They could accept Labor Secretary Arthur J. Goldberg's proposal for a voluntary 60-day suspension of the three-coast walkout or face the possibility of a Taft-Hartley Law 80-day injunction.

The meetings were set up by William E. Simkin, director of the Federal Mediation and Conciliation Service.

He was to meet in succession with marine engineers; the powerful National Maritime Union; the Masters, Mates and Pilots, and then with representatives of the shipping owners.

President John F. Kennedy is ready, if the striking unions and industry agree, to name a three-man committee to weigh all issues and produce a recommended solution.

Goldberg called for acceptance by 1 p.m. tomorrow.

At that time, Goldberg has an appointment to report to Kennedy. The labor secretary didn't mention the likelihood of invoking the Taft-Hartley law's 80-day emergency injunction provision in the event of a rejection, but his remarks on the gravity of the situation indicated as much.

"If this stoppage is permitted to continue," he said, "it will contribute seriously to worsening the nation's trade and dollar balances."

In New York, there was no immediate comment officially from ship owners or from the various unions representing the striking seamen.

With losses already counted in millions of dollars, more than 70,000 men idled and ships stalled at their docks, Goldberg said this is a toll "the nation cannot afford at a time when every effort is being made to stimulate the economy."

The strike has immobilized an estimated 150 American ships on the Atlantic, Pacific and Gulf coasts. More than 800 others at sea face a tie-up when they make port.

Goldberg outlined his peace formula as Director William E. Simkin of the Federal Mediation and Conciliation Service reported an impasse in the New York settlement negotiations.

Among issues besides wage demands and other proposals that would go to the three-man panel to be appointed by Kennedy is the delicate matter of union insistence that ship owners grant collective bargaining rights on American-owned vessels flying foreign flags.

Today's Homemakers Want Conveniences Of Corner Grocery

By GAY PAULEY
UPI Women's Editor

Today's homemaker wants the supermarkets to provide her shopping conveniences just like mother used to get from the corner grocery, a shopping study concludes.

The supermarket would take the housewife's order by telephone, deliver it for a small fee, extend credit, speed up shopping by displaying allied merchandise together, mark prices legibly, stop conducting sales that aren't really sales, and generally be friendlier and more community-minded.

This tall order for the ideal supermarket comes from a national study, made during a four-months period, of 12,000 shoppers. Sixty-one per cent of the women said they would buy more if the changes were made. Thirty-three per cent were not sure, four per cent said they were "more likely" to, and two per cent had no opinion.

Fifty-one per cent of the women said they didn't like to shop in supermarkets, although they often had no other choice. A similar study in 1952 showed 54 per cent did like supermarket buying; in a 1957 study, it had dropped to 48 per cent.

However the women (with an average of two children each and a family income between $4,000 and $9,000 annually) agreed there was great convenience to the one-stop marketing. They also liked the bright and clean look of the centers.

They then listed some gripes.

The markets are too crowded, aisles often too narrow for the traffic. Check-out takes too long. Employes are neither cheerful nor helpful. Product labels frequently do not inform. Frozen foods often aren't frozen. Hard floors make for tired feet. The manager isn't always on hand if a problem arises. Express check-out lanes for customers buying five items or fewer get jammed with selfish customers carting 10, 12 or 15 items out — and the cashier does nothing to deter this habit. Parking facilities often are inadequate. And merchandise advertised often is sold out.

AFS Students Feted At Farewell Party

American Field Service sponsored exchange students Amparo Huici of Spain and Ahmet Gucuyener of Turkey, who will be leaving Mill Valley today were honored at a farewell party held recently in the home of Dr. and Mrs. William Hogan of Mill Valley.

The students will tour the United States and meet the President in Washington, D.C., before returning to their homes.

Following an afternoon of swimming in the Hogans' pool refreshments were served.

Another highlight of the afternoon was the presentation by Mrs. Richard De Lew of Corte Madera, new president of the Tamalpais High School chapter of the American Field Service, of azaleas to Mrs. William Pemberton and Mrs. Charles Putney, both of Mill Valley. The gifts were in recognition of their contribution as "mothers" to the foreign students.

Amparo lived with the Pembertons and Ahmet with the Putneys.

Among a large number of teen-agers attending the party were others participating in the student exchange program. They were Jennifer Herman, who will spend a year in Switzerland; Frances Oman, who went to Italy last year; Edward Collins, who went to Austria.

Also present as a guest of Mr. and Mrs. Archer Forsyth was Moray Forbes of Scotland, an exchange student who attended Miss Burke's School in San Francisco.

Mrs. Forsyth, membership chairman, was in charge of all arrangements for the party.

Adults present in addition to the hostess, Mrs. Hogan, and others already named were Mr. and Mrs. John Wilbert; Mesdames Carl Mosher, outgoing president of the chapter, Jay Blayney, Donald Oman, Daniel Collins, John Wilberg, Gerald Clear, Frances Golden, Purcell Weaver, John McDonnell and Ervin Sutly; and Messrs. Raymond J. Palmer and Richard De Lew.

Summer's The Season To Relax And Enjoy Life To Its Fullest

Summer is here. Shall we relax and enjoy it?

Do you usually work too hard? Probably. We're all pretty ambitious. We want to get rich. We try to impress people.

Ambition is fine in the winter. But we needn't strain ourselves in the warm season. We can lower our standards and enjoy life.

Mother, you should share your work with your older children. In the summer they have more leisure than usual. They can do many jobs without hurting themselves. Make a list of tasks for them. Assign the work out fairly. You don't have to be their slave in July and August.

If your children are tiny, share with a neighbor. Take care of her brood one or two afternoons a week. Then she can take yours for equal lengths of time. You'll both enjoy the free hours.

Dad, you can let up too. Devote your weekends to family fun. Do your darndest not to bring your worries home with you. Spend the evenings with your dear ones. Take time to unwind.

Food? We shouldn't eat too much these days. Dinner need not be a banquet. A simple barbecue is better.

Homes? They don't have to be "pin-neat." A smudge on a window won't kill anyone. Neither will a little dust on the floor.

Clothes? Wonderful, lightweight clothes are available for both men and women. Let's take advantage of them. Why swelter?

Good old summer time! C'mon friends, let's enjoy it.

READERS' FORUM

(Q) "You recommend work for teen-agers. My boy is 14. What jobs are available for him?"

L.B.

(A) Child labor laws limit his opportunities. A paper route would be fine. He could do informal yard work for your neighbors. In many states light work on farms will be available — picking summer berry crops, for example. For further suggestions ask the employment counselor at your high school.

Redwood Graduates To Be Ambassadors Abroad This Summer

By PATRICIA ZINN

The little town of Larkspur will be charmingly and attractively represented in Europe this summer in the persons of brunette Margaret Deedy and blonde Suzanne Scott.

The two June graduates of Redwood High School have been selected as community ambassadors by the citizens of Larkspur and the school to represent them in the Experiment in International Living program.

It will begin this weekend for the two thrilled young ladies. Margaret departs San Francisco Airport Sunday on the first leg of a journey which will take her to Sundsvall, Sweden, while Suzanne will leave Saturday with Balingen, Germany as her destination.

FAMILY MEMBERS

Green eyed Margaret and blue eyed Suzanne will spend nine weeks in Europe under the Experiment program where they will live for a month as a member of a foreign family and will spend another month traveling about the country. After the homestay, they travel in a group of 10, in the company of young members of their host families. Toward the close of the program, they will have the opportunity to visit a city such as Paris or London and an opportunity for a few days of independent travel.

Margaret, daughter of Mr. and Mrs. Daniel Deedy of Larkspur, "expects the unexpected" and admits being just a bit scared now that the big day is almost here.

Sharing in Margaret's excitement are her three younger sisters and two younger brothers. Upon arrival in New York City, Margaret will go to the Experiment headquarters in Putney, Vt., for a four-day orientation before flying across the Atlantic for Sundsvall, a logging town 360 miles north of Stockholm. Her return home will be by ocean liner.

NOT TOURISTS

That the purpose of the program to promote international understanding in the person-to-person approach is keenly felt by both Suzanne and Margaret is expressed in their desire to travel not as tourists, but to live, understand and accept the customs and thought of their host families and at the same time impart those of the country they represent.

Margaret, who likes working with people, thinks the experience will give her direction in a prescribed course of study at College of Marin this fall. In addition to maintaining a high scholastic record at Redwood this past year, and working part-time at Macy's in San Rafael, Margaret was secretary of the student body, and a member of the Social Activities Club, Public Finance Club, Student Court, Public Relations Club and a member of the drama group. She is also a Red Cross Junior Gray Lady.

The excitement of the trip for Suzanne is being shared by her parents, the David F. Scotts of Larkspur and her younger sister, Virginia, who will be a junior at Redwood in the fall.

Suzanne will receive orientation aboard the Italian liner Aurelia during the 10 days before it docks at Genoa, Italy. Reaching Genoa, she will go by train to the resort town of Balingen, which is situated 40 miles from the Swiss border and 30 miles from Stuttgart, Germany. Her return to the states will be by air. She plans to spend a week in New York City as the houseguest of the Maurie Websters, formerly of Ross.

This past year has also been a busy one for Suzanne who has been participating in the teaching training program at the Larkspur-Corte Madera Grammar School as well as serving as Redwood drill team captain and a member of the International Club, and Social Activities committee. She is a past Honored Queen of the Larkspur Bethel of Job's Daughters and an active member of the Redwoods Presbyterian Church.

Thus, when the two young women assume their official roles as ambassadors, they are doing their part to make pleas for peace.

MARGARET DEEDY of Larkspur uses the World Atlas to find Sundsvall, Sweden, where she will spend this summer as official ambassador in the Experiment in International Living Program. Margaret, a June graduate of Redwood High School, is the daughter of Mr. and Mrs. Daniel Deedy of Larkspur.

POINTING TO Balingen, Germany, where she will also serve in the capacity of ambassador this summer is blonde Suzanne Scott. Suzanne, daughter of Mr. and Mrs. David Scott of Larkspur, was also graduated in June from Redwood High. (Independent-Journal photos)

Carpeting For The Bathroom Latest News In Furnishings

By JOYCE SCHULLER

CHICAGO (UPI) — Wall-to-wall carpeting for the bathroom and scatter rugs for the living room. . . These were the pacesetters in floor coverings introduced this week at the International Home Furnishings market.

A do-it-yourself kit makes the wall-to-wall bathroom carpeting possible at a sensible price. No cement is needed to hold down the latex-backed carpeting, which can be picked up readily for machine washing.

FUR FLOOR

The kit includes a 5 x 7 foot "fur" carpet of inch-thick acrylic and nylon to cut to shape and pattern paper for tracing the outline of the bathroom floor. The pattern is applied face-down to the back of the carpet, which then can be cut into a perfectly-fitted, wall-to-wall, fixture-to-fixture rug. It comes in a choice of seven colors.

The same manufacturer's scatter rugs for the living room, now dubbed area rugs, come in contemporary and provincial patterns. Most unique are the provincial patterns, expressly created to complement the glow of copper and cranberry glass, maple and chintz in an early American decor.

A round one, 8 feet in diameter, desembles a line drawing of four harvest baskets heaped with bright-colored fruit against a white background.

Simpler patterns include a solid-colored rectangle, centered with a stylized line drawing of an eagle, and an oval with a simple border.

FROM NOSEGAYS

Many of the new wall-to-wall carpets are also patterned. One manufacturer's line includes a huge new collection of florals, ranging in size from nosegays to first night bouquets.

ALMANAC

Today is Friday, June 23 the 174th day of the year with 191 more to follow in 1961.

The moon is in its first quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening star is Mars.

On this day in history:

In 1683, William Penn signed a peace treaty with the Leni-Lenape Indians on the Delaware River.

In 1836, 26 states divided up a surplus in the United States treasury of 28.1 million dollars.

In 1845, the Congress of Texas agreed to its annexation by the United States.

In 1876, humorist Irvin Cobb was born.

In 1947, Congress enacted the Taft-Hartley Act despite the veto of it by President Harry Truman.

A thought for today: William Penn said: "Truth often suffers more by the heat of its defenders, than from the arguments of its opposers."

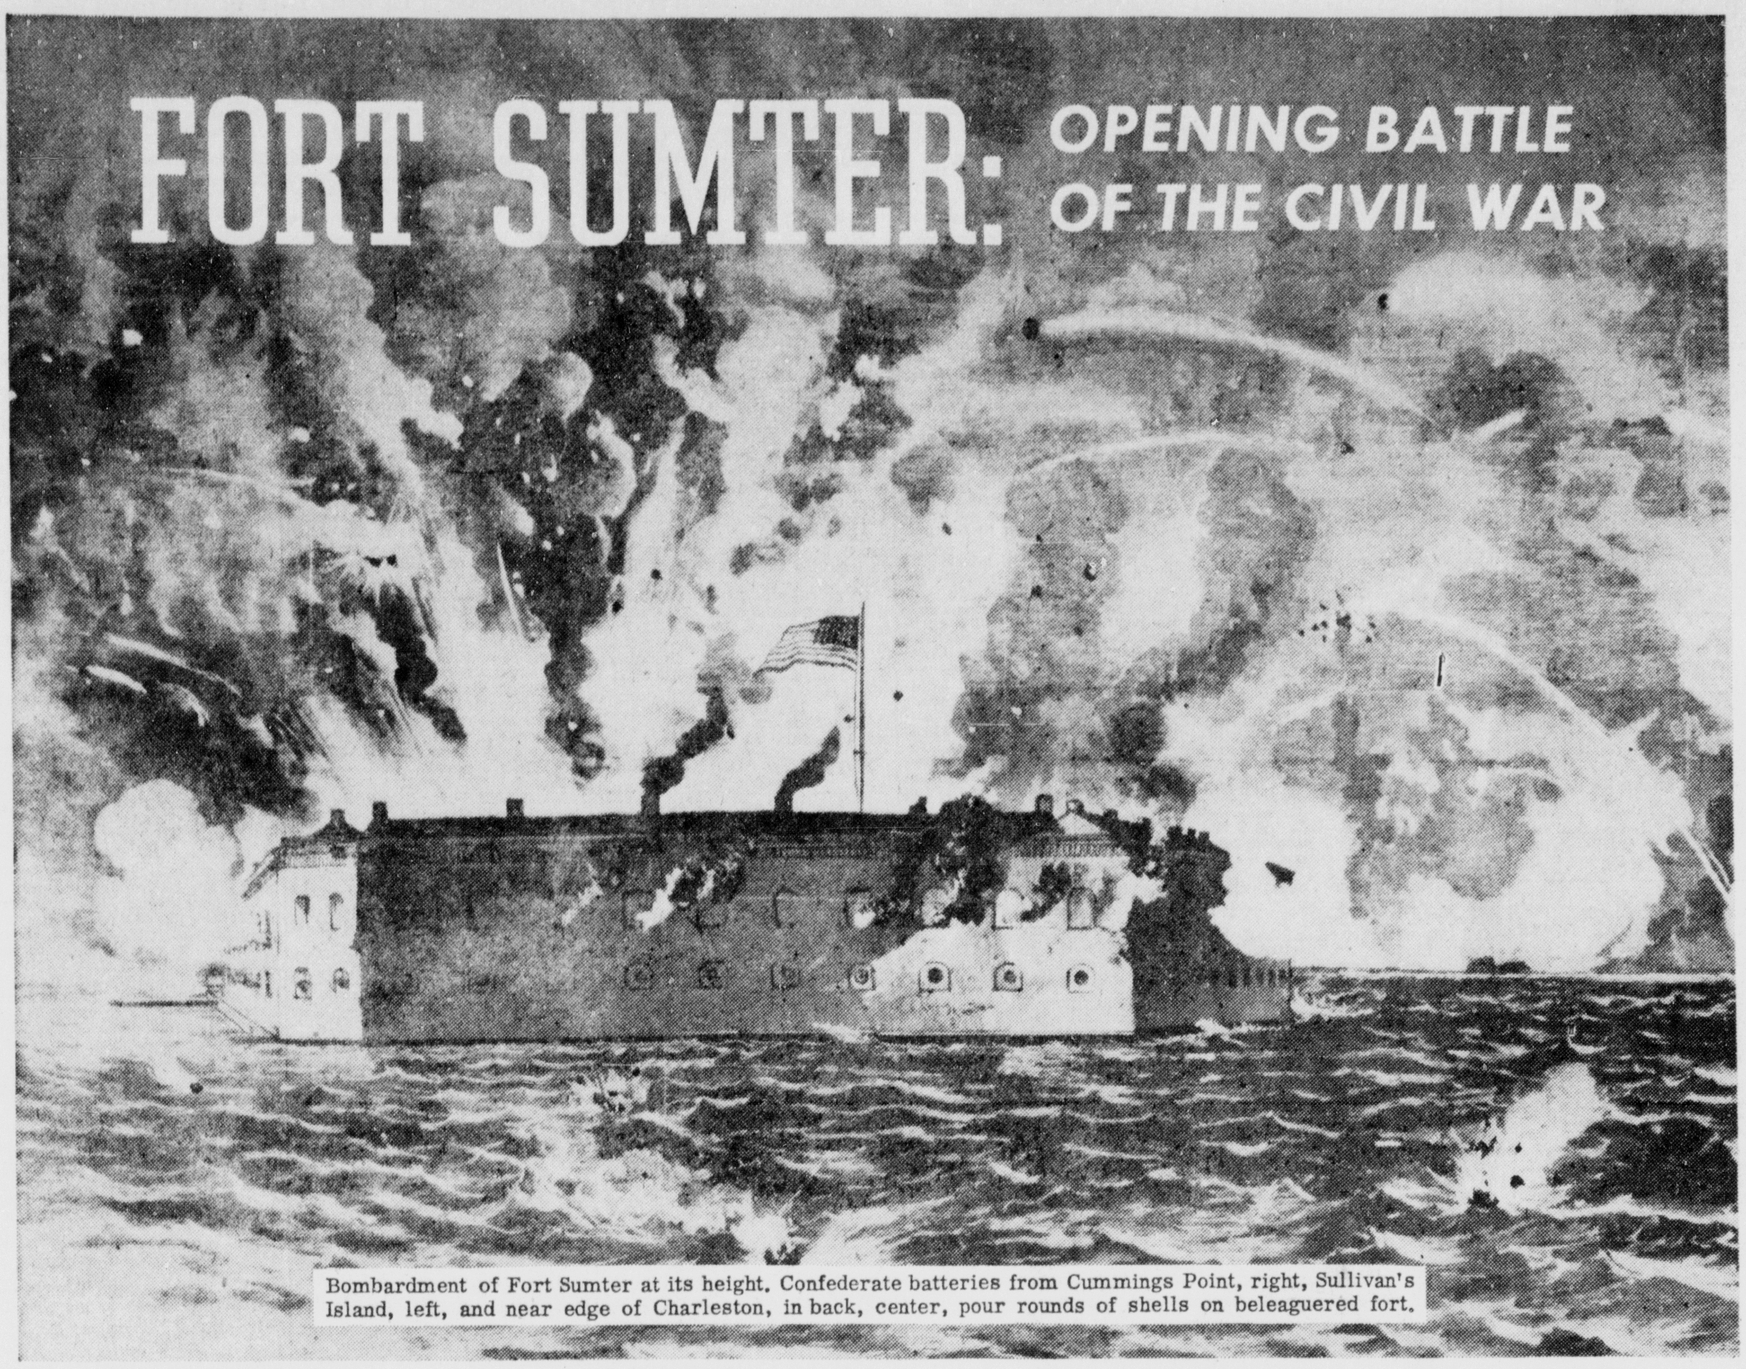
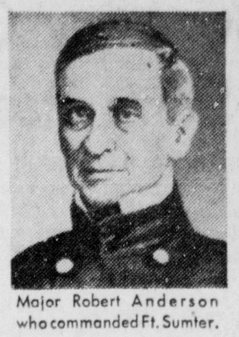
FORT SUMTER: OPENING BATTLE OF THE CIVIL WAR



Bombardment of Fort Sumter at its height. Confederate batteries from Cummings Point, right, Sullivan's Island, left, and near edge of Charleston, in back, center, pour rounds of shells on beleaguered fort.



Major Robert Anderson who commanded Ft. Sumter.

Seven Southern states had seceded from the Union. A Confederacy had been formed, and Jefferson Davis had been named its president. It was the spring of 1861, and the crisis was deepening.

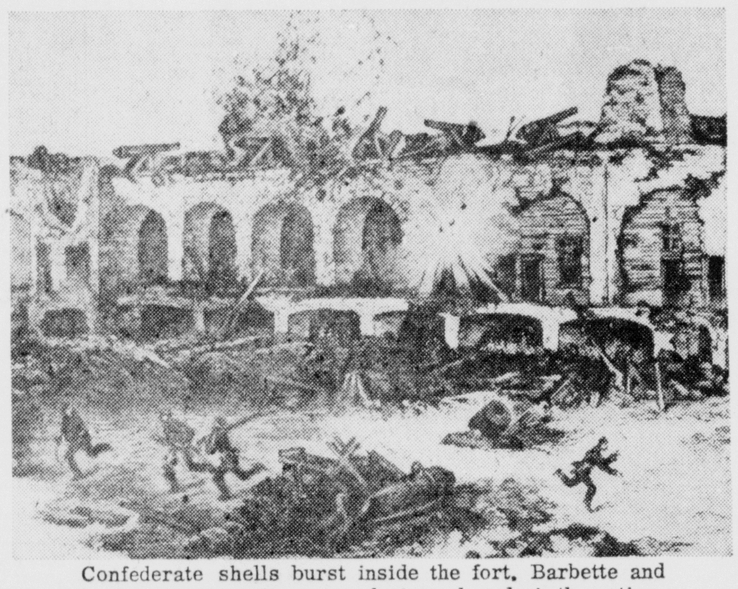
Abraham Lincoln recognized the seriousness of the situation when in March he took the oath of office as President of the United States. In his inaugural speech he vowed "to preserve, protect and defend the Union." When he said further that he would do all in his power to "hold, occupy and possess" all Federal property which lay in Confederate territory, he referred chiefly to Fort Sumter, a pentagonal brick stronghold on a man-made island near the mouth of Charleston harbor.

At that moment, Fort Sumter was under the command of Major Robert Anderson, a regular army officer from Kentucky. He had 68 soldiers and an 8-piece band, enough food to last a few weeks, and a United States flag which he was determined to keep flying.

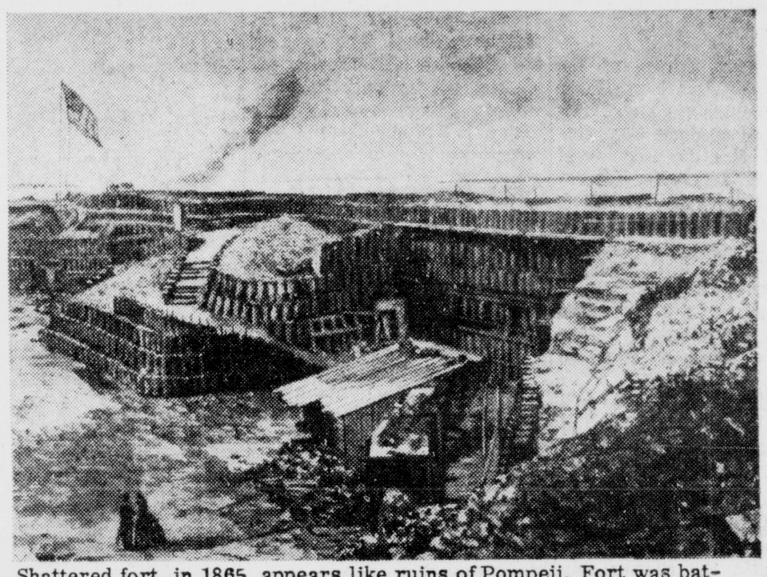
The Confederate authorities considered this a threat to the sovereign state of South Carolina. Governor Francis Pickens, unsuccessful in his attempts to have the fort evacuated, put thousands of Southern soldiers in gun pits and encampments all around the harbor.

Learning that President Lincoln had authorized the dispatch of a relief ship to the fort, President Davis issued orders to Gen. P. G. T. Beauregard to open fire. The first shot was fired at 4:30 A. M., on April 12th. The bombardment lasted 34 hours. There were no casualties. Only one horse was killed. On the 13th, in the early afternoon, Major Anderson surrendered. The Civil War was on.

Soldiers' wives and families of Fort Sumter sail from Charleston harbor for New York aboard the "Isabel." Major Anderson ordered their evacuation in February when he believed hostilities were imminent.



Confederate shells burst inside the fort. Barbette and barbette guns, at top, were destroyed early in the action.



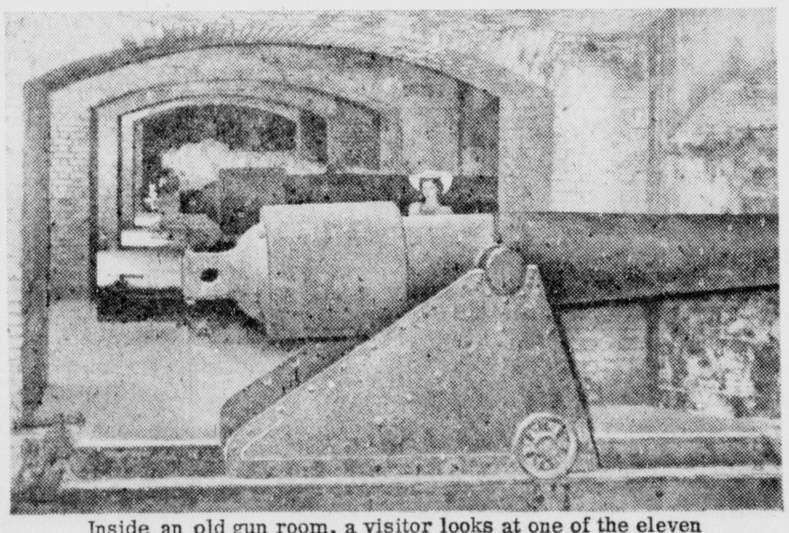
Shattered fort, in 1865, appears like ruins of Pompeii. Fort was battered by Union naval guns all during war, but was never recaptured.

War's end. On April 14, 1865, five days after Lee's surrender, fort's original flag was raised in colorful ceremony.

FORT SUMTER TODAY

Airview of fort. Pier, lower left, is where Charleston sightseeing boats dock. Old gun rooms encircle part of fort. Administration building is in center.

Guide stands on wall under which are the old gun rooms. Guns on ground are Dahlgren 30-pounders captured by Confederates during war.



Inside an old gun room, a visitor looks at one of the eleven long-range Parrott guns uncovered in recent excavations.

Visitors stand in one of eleven old gun rooms uncovered in recent excavations. Each such room contains a gun in firing position.

Milton C. Work, the great auction bridge authority, often used today's hand in his lectures to bridge teachers.

"West opens his fourth-best spade," Work would explain to his audience, "and South wins with the ten. Declarer must develop the diamonds, and East wins a diamond with the jack. East naturally returns a spade, and West defeats the contract with the rest of the spades.

Then Work would turn aside, as though to look at his papers. Meanwhile, the assembled bridge teachers would be buzzing and tittering. Finally, some brave member of the audience would suggest that South should make his contract by allowing West to win the second diamond with the queen. Then West would be unable to attack the spades profitably.

ACTS CONFUSED

Work would look at the hand on the blackboard as though confused. Meanwhile, the teachers would chortle at having caught the old gentleman in a mistake.

But then work would turn back to audience and ask. "Do you mean to say that anybody here would fail to throw the queen of diamonds from the West hand when the South leads the king?

There was always a dead hush when this question came. And then they all saw that West should get rid of that embarrassing queen and that then everything would work out just as Work had originally described it.

Work always brought the house down with his little act. It's still a good hand and a good play after all these years.

The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

BID CHECK: With each bid must be submitted a certified check or cashier's check for $500.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said school district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

ISSUE: $370,000.00, 1956 School Bonds, Series B, consisting of 370 bonds of the denomination of $1,000.00 each, numbered B-1 to B-370, inclusive, all dated July 15, 1961. Said bonds are part of an authorized issue in the aggregate principal amount of $580,000.00, of which $210,000.00, designated Series A have heretofore been issued and $182,000.00 are now outstanding.

INTEREST RATE: Maximum five (5) percent per annum, payable annually for the first year on July 15, 1962, and semi-annually thereafter on July 15th and January 15th in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-eighth or one-twentieth of one percent per annum, payable as aforesaid.

MATURITIES: Said bonds mature serially in consecutive numerical order from lower to higher (without option of prior redemption) as follows:

15,000.00	356-370	1983

PAYMENT: Both principal and interest payable in lawful money of the United States at the San Francisco Main Office of Bank of America, National Trust and Savings Association in the City and County of San Francisco, State of California, or at the option of the holder at the respective offices of the paying agents of said County in the City of New York, State of New York, or in the City of Chicago, State of Illinois.

REGISTRATION: Coupon bonds will be issued by said Board of Supervisors on behalf of said School District. Such bonds are registrable only as to both principal and interest.

PURPOSE OF ISSUE: Said bonds were authorized by more than two-thirds of the voters voting at an election held in said District on January 31, 1956 and will be issued and sold for the purpose of raising money for authorized school purposes.

SECURITY: The bonds are general obligations of said School District, and said Board of Supervisors has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said School District, subject to taxation by said School District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds, and in such case, the deposit accompanying his bid will be returned.

LEGAL OPINION: The legal opinion of the following firm, approving the validity of said bonds, will be furnished to the successful bidder without charge: Orrick, Dahlquist, Herrington and Sutcliffe of San Francisco, California. A copy of the legal opinion certified by the official in whose office the original is filed will be printed on each bond at the expense of the successful bidder if requested in his bid.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared, which it is estimated will be within 30 days from the day of sale.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event, the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of San Anselmo School District of Marin County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $1,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said school district from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition, bidders are requested (but not required) to supply an estimate of the total net interest cost to the district on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned by the County Clerk by mail upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said district or the title of the officers to their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: June 6, 1961.

County Clerk and Ex-Officio Clerk of the Board of Supervisors of the County of Marin, California.

Almonte Club Road Protest

The board of the Almonte Improvement Club decided Wednesday to write a letter to Director of Public Works Marvin W. Brigham asking that if roads in Almonte are not county-maintained, is it possible that residents involved could receive a tax rebate.

Robert A. Alexander, president, said the letter reads that club members have noticed an increasing number of signs reading "This Is Not a County Maintained Road," and they want to know the necessity of the signs and what they accomplish.

The board approved a request by Ed Margoliash of Ross, manager of the Thunderbirds Band, for permission to hold a teen-age public dance in the club's hall. No date was set.

Kentfield Man Jailed In Attack

Franklin Delano Davis, 27, of 25 Cedar Avenue, Kentfield, was arrested Wednesday on rape charges involving a 15-year-old Petaluma girl, Larkspur Police Chief Howard Clark reported.

Davis was booked into the Marin County Jail with bail set at $3,675.

According to Clark, Davis was supposed to be driving the girl and her 13-year-old brother home after they had been baby sitting in Petaluma, at 2:30 a.m. on June 4. Instead of driving them home as agreed, he took them to Santa Rosa and later to an apartment he had at the time at 136 Madrone Avenue in Larkspur, Clark said.

Clark said Davis is reported to have left the boy in the car and gone with the girl up to the apartment where the attack occurred.

The girl's mother reported the charge to the police on June 16. Larkspur police have been working with Petaluma police on the case since that time, Clark said. Davis was arrested at a Larkspur garage where he had gone to work Wednesday morning.

Marinwood Woman Hurt In Car Crash

A car driven by a Marinwood woman yesterday overturned spectacularly in the northbound lane of Highway 101 on Puerto Suello Hill in San Rafael, rolled over the divider and landed upside down in front of oncoming traffic.

Mrs. Elizabeth I. Beeson, 40, driving, stayed with the car and suffered bruises and a possible cracked rib. She was treated at Letterman Army Hospital in San Francisco, where she was transfered from San Rafael General Hospital.

Her husband, Col. Walter L. Beeson, is personnel officer at Letterman.

The only other passenger in Mrs. Beeson's four-door foreign car was a 9-month-old puppy poodle. The silver colored animal was thrown from the car and was reported missing.

California Highway Patrolman Keith C. Craig of Novato said the oncoming drivers in the south-bound lane of the highway saw the car flip and start rolling toward their lane in time to stay out of its way.

Mrs. Beeson told patrolman Craig that she was at the San Pedro Road overpass when she began to feel the front wheels shimmy. She said she then applied the brake, the wheels seemed to lock, and the car rolled over.

Mrs. Beeson resides at 662 Barberry Lane.

Tam District Summer Enrollment Climbs

Enrollment for the summer school in Tamalpais Union High School District yesterday exceeded the 2,000 mark by one, for the first time in the history of the school.

Sir Francis Drake High School had 815 enrolled in 32 classes. Redwood High School had 586 enrolled in 23 classes. Tamalpais High School had 600 enrolled in 24 classes.

SPACE-AGE HAIR CUTTING

Denver barbers Oscar Evans (left) and Henry Schmidt have decorated their shop with an astronaut flavor in the hope of luring more space-minded, pint-size patrons to orbit a while in their barber chairs. Nathan Leopold Seeking Full Pardon For Crime

CHICAGO (UPI)—Nathan Leopold will ask society next month for the last measure of forgiveness in the "Crime of the Century."

Attorney Elmer Gertz, Leopold's latest in a stream of lawyers that began with Clarence Darrow, said a full pardon for the 1924 murderer of 14-year-old Bobby Franks would be "of general encouragement for all who strive to rehabilitate themselves in and out of prison."

Leopold, now 56, went into prison in 1924 on terms of life and 99 years with a judge's instructions that he was never to be released. Thirty-three years later he was paroled and last February he married the former Mrs. Gertrude Feldman Garcia de Quevado in Puerto Rico.

PHI BETA KAPPA

The former Phi Beta Kappa student at the University of Chicago is a $10-a-month laboratory technician at the Brethren General Hospital near San Juan. Parole restrictions barred his owning a car, imposed a 10:30 p.m. curfew and confined him to Puerto Rico.

He has asked for full pardon or commutation of his sentences to years already served. Gertz said a full pardon would "benefit an already happy marriage."

Leopold has moved step by step toward freedom since he was convicted with Richard Loeb, his fellow student and idol at the University of Chicago. Loeb was slain at Illinois' Stateville Penitentiary in 1936 by a fellow convict.

DARROW'S APPEAL

Clarence Darrow's appeal from the "blind cruel forces (that) drove these boys to their terrible crime" was credited with saving them from a death penalty.

The jury had heard how Leopold and Loeb plotted the "perfect crime" for "thrills."

On May 21, 1924, they picked up Franks, a millionaire's son, at a preparatory school. They hit Franks over the head with a chisel and dumped his nude body into the forest preserve at suburban Hegewisch.

A typewritten ransom note demanded $100,000. Just as the victim's father, Jacob, prepared to deliver the money, the boy's body was found.

Leopold, too young to serve in World War I, gained his parole largely through his work in prison experiments on malaria during World War II. But it was 1958 before former Gov. William G. Stratton made the parole possible by cutting his prison term to 85 years.

His supporters included poet Carl Sandburg, mystery author Erle Stanley Gardner and novelist Meyer Levin. Leopold later was to sue Levin and 50 other defendants for $1,513,000 on grounds Levin's book, "compulsion," damaged him. The suit still is pending.

The one-time brilliant student has claimed erroneous newspaper stories kept him behind bars.

"I am a genius only in newspapers," he said in 1957. "Actually I am a fat, middle-aged thoroughly ordinary man. I can't lick Russia single-handed, as some newspapers would have you believe. I can't contribute anything in nuclear physics.

"It is unfair to deal with me as a symbol instead of as an individual," he said.

Five to six billion dollars may be spent in 1961 by all countries in the world to keep pace or gain a place in iron and steelmaking, according to Steel Facts, published by American Iron and Steel Institute. The largest outlay for any country will be the $1.2 billion planned for expansion and modernization of United States mills.

Golden Wedding For Mill Valley Couple

Mr. and Mrs. Daniel E. Madden of Mill Valley this week celebrated their Golden Wedding anniversary at a Memorial Mass at Our Lady of Mount Carmel Church.

Mass was celebrated by Rev. Lloyd Burns and sung by the Maddens' two daughters, Sister Mary Bernard of Wausau, Wis., and Mrs. Robert Strobel of Stockton, and their daughter-in-law, Mrs. James Madden of Waunakee, Wis.

A papal blessing was presented to the couple by Pope John XXIII via Rev. Burns.

The Maddens, their family and friends had breakfast together following the Mass and later an open house at the home of their daughter, Mrs. Catherine Donovan at 6 Dorset Lane.

The Maddens have lived with the Donovans about seven years since Madden's retirement in 1954 as a flagman with the Chicago, Milwaukee and St. Paul Railroad.

The couple met in Wisconsin at the Madden resort, Kewaugasaga Lodge, which then belonged to Madden's father and was later owned and managed by Madden.

The Maddens have two sons, James Madden of Waunakee, and Patrick Madden of Milwaukee.

An active couple, Madden enjoys fishing and carpentering, and his wife, Frances, likes to cook. She is 76 and he is 81. Long marriage, Madden says has resulted from "living moderately" and the fact that Mrs. Madden is a good cook.

The Maddens have 18 grandchildren. Madden celebrated his anniversary Tuesday by taking four grandchildren and walking across the Golden Gate Bridge.
